I. INTRODUCTION

The Standard Operating Procedures (SOP) outlined in this manual are to ensure that this department is prepared to respond effectively and efficiently in accordance with applicable law and District of Columbia policy to any unlawful conduct occurring in the context of First Amendment assemblies. These SOP's incorporate revisions to the manner in which the Metropolitan Police Department responds to demonstrations and other assemblies on District of Columbia public space that the District has implemented in resolving litigation. This manual also reflects measures mandated by the First Amendment Rights and Police Standards Act of 2004.

This handbook sets forth general policy and shall serve as standard operating procedures for all members in carrying out the mission of the Metropolitan Police Department in dealing with all demonstrations, rallies, marches, picket lines, or other similar gatherings conducted for the purpose of persons expressing their political, social, or religious views. This policy is intended to exceed constitutional requirements and satisfy the heightened requirements of local statutory law and best practices.

The manual also is designed around the concept of operational flexibility within the requirements of the National Incident Management System. It is impossible to devise specific standard procedures for handling all possible situations, for each has its own characteristics and problems. The overall police philosophy must be one of moderation, flexibility and controlled response. Since each situation is unique, both commanders and supervisory officials must plan to respond according to the nature and size of the crowd. The tactical procedures established within this manual are a guide, and not a substitute for the exercise of sound judgment and proper command and supervision within the context of general departmental policy.

It is imperative that members of the force understand the role of the Metropolitan Police Department during mass demonstrations and major disturbances in our city and the manner by which the department prepares itself to fulfill this role. It is to this end that this handbook is dedicated.

II. POLICY

A. Statement of Policy

It is the declared policy of the District of Columbia that persons and groups have a right to organize and participate in peaceful First Amendment assemblies on the streets, sidewalks, and other public ways, and in the parks of the District of Columbia, and to engage in First Amendment assembly near the object of their protest so they may be seen and heard, subject to reasonable restrictions designed to protect public safety, persons, and property, and to accommodate the interest of persons not participating in the assemblies to use the streets, sidewalks, and other public ways to travel to their intended destinations, and use the parks for recreational purposes.

It is the statutory responsibility of the Metropolitan Police Department to preserve the public peace, to prevent crime, arrest offenders, and to protect the rights of persons and of property. As part of this responsibility, the department provides trained personnel to respond to the scene of First Amendment assemblies in our city in order to preserve peace while protecting the constitutional and statutory rights of people to assemble peacefully and exercise free speech. In fulfilling these responsibilities, the department will make reasonable efforts to employ non-arrest methods of crowd management as the primary means of restoring order. Should such methods prove unsuccessful, arrests shall be made for violations of the law. All arrests shall be based on probable cause, and arresting officers shall use only the minimum necessary force to make and maintain the arrest. To the extent possible under the circumstances, arrests shall be made in an organized manner by units at the direction of the Chief of Police or his/her designee. All arrests shall be fully documented. Prisoners shall be safeguarded and adequately cared for, and shall be expeditiously processed for court or release.

The Council for the District of Columbia has enacted the **First Amendment Rights and Police Standards Act of 2004**. This act contains First Amendment Assemblies provisions that control this department's responses to demonstrations. The Metropolitan Police Department shall comply with all provisions of this act while providing police services during any First Amendment event. The First Amendment Assemblies provisions are contained within ATTACHMENT M.

B. Organizational Policy

1. The Chief of Police, or an official or officer designated by him/her directly, through operation of the chain of command, by virtue of deployment of personnel pursuant to an operational plan or in response a First Amendment assembly, or lawful order, will be the Incident Commander at scenes of First Amendment assemblies.

Incident Command responsibility, once established, does not pass from one officer or official to another simply by virtue of the appearance or arrival at the scene of a First Amendment assembly of an official senior in rank to the officer or official operating as the Incident

Commander. Incident Command responsibility passes in such instances only upon acceptance of that responsibility by the senior official.

III. PLANNED/PERMITTED FIRST AMENDMENT ASSEMBLIES

Planned events are those that the department is aware of in advance, either through the submission of a permit request or other means that allow for the advance planning of resources and response procedures. When large-scale planned/permited First Amendment assemblies are anticipated:

- a) The Chief of Police will designate command official(s) to serve as Area or Incident Commander(s) at various sites to manage events.
- b) During First Amendment protected demonstrations, Incident Command responsibility, once established, does not pass from one officer to another simply by virtue of the arrival of a member of higher rank. Incident Command responsibility passes only in such instances when the higher-ranking official assumes command and informs the lower ranking official.
- c) The Commander, Special Operations Division, under the direction of the Chief of Police, is responsible for preparing the necessary details and tactical plans for events that are scheduled to occur within the District of Columbia. In this capacity he/she shall:
 - i) Coordinate all aspects of the event plan with the affected elements, units and personnel;
 - ii) Coordinate activities with other law enforcement, D.C. Government and federal agencies, as necessary; and
 - iii) Designate liaison officers to deal with demonstration leaders before, during, and after the demonstration.
- d) Planning Committees

In order to perform its mission of protecting the rights of demonstrators, counter-demonstrators, and non-demonstrators alike, it is the policy of the MPD to engage in advance planning to facilitate demonstrations where the Department is provided advance notification through the permit application process or learns of a planned First Amendment assembly.

Creation of various subcommittees: The subcommittees that are convened will be dependent upon the type of event being handled. The responsibilities of each committee shall be at the discretion of the Commander, Special Operations Division.¹ The following committees shall be considered when planning for an event:

- Venue Security
- Sanitation
- Crisis Management
- Consequence Management
- Transportation
- Traffic
- Legal
- Media Relations

¹ The Commander of the Special Operations Division will serve as a liaison officer to city, federal and other law enforcement agencies in the manner set forth in GO-RAR-310.04 *Mutual Aid Agreements*.

IV. UNPLANNED EVENTS

Unplanned events are ones of which the Department has no prior knowledge. Such events may consist of spontaneous gatherings and/or large-scale demonstrations. Unplanned events are often peaceful and pose little problem for law enforcement; however, peaceful gatherings can turn violent, so contingency plans must be in place for members to respond as necessary to safeguard life and property.

Response to Un-permitted First Amendment Assemblies

The first officer(s) to arrive on the scene of a First Amendment Assembly is responsible for the following actions:

- a) Observe the situation to determine if the gathering is peaceful or has the potential to turn violent.
- b) Notify the CIC and the Office of Unified Communications (OUC) of the nature and size of the assembly and request the assistance of a supervisor.
- c) Attempt to identify and make contact with the group organizers or leaders to determine the duration of the event, the number of persons expected to attend and if civil disobedience is anticipated or planned.
- d) If criminal activity has occurred, attempt to identify those individuals who were involved.

In large gatherings the SOD Commander or on-duty SOD Official shall be requested to respond to the scene. If an SOD Official is unavailable, the District Watch Commander shall respond to the scene and assume command of the demonstration as the Incident Commander (IC). However, Incident Commander Responsibilities outlined below apply regardless of rank and should be implemented as soon as possible.

Incident Commander Responsibilities

The primary responsibility of the IC is the rapid assembly of sufficient staffing to provide a safe environment for the gathering and ensure that disruptions to the area are minimized. As such the IC should immediately:

- a) Assess the situation for seriousness and its potential for escalation. If the assembly is peaceful and adequate resources are available, efforts should be made to allow for the protest action to continue, by redirecting vehicular and pedestrian traffic around the incident.
- b) Ensure that the following information about the incident is continuously provided to the dispatcher and the CIC:

- Location of disturbance.
 - Number of participants.
 - Activities of the participants (e.g., blocking traffic, destruction of property, etc.)
 - Direction of movement of the participants.
 - Ingress/egress route(s) for emergency vehicles.
- c) If a peaceful assembly escalates to a civil disturbance beyond the capacity of personnel then present to effectively handle the situation, the official in charge shall:
- Make an evaluation as to the additional manpower required to manage the situation.
 - Notify the Communications Division as to the situation.
 - Determine if a partial or full activation of CDU personnel will be necessary.²
 - Determine if a recall of off-duty personnel may be necessary.³
 - Determine the level of personal protection equipment to be utilized and the tactics employed in response.
- d) Members of the Metropolitan Police Department are reminded that the charge of “Parading without a Permit” is not an offense and shall not be used to detain anyone.

Violent and Non-Violent Civil Disobedience

Civil disobedience may involve groups of individuals who engage in unlawful conduct. This conduct may be non-violent, such as blocking traffic or the entry to a building or it may be violent involving property damage or assaults on officers. In either case, the IC has several options for dealing with the group(s) involved:

Issuance of formal orders to disperse using public address equipment to assure notification to all leaders and crowd members, and to maximize the legal effects of such notifications.⁴

Use of tactical maneuvers and other crowd management formations to promote dispersal of those acting in violation of the law through the application of force.

When necessary, arrests based on probable cause of those participating in violations of law.

Use of less-than-lethal weapons.

V. VIOLENT CIVIL DISTURBANCES

² **Activating Civil Disturbance Units shall be done in accordance with G.O. 805-1 *Civil Disturbance Units*.**

³ **Recall of personnel to respond to a disturbance shall be handled in accordance with G.O. OPS-803.04 *Emergency Response Plan*.**

⁴ **When possible, dispersal orders shall be given using the “warning format” in Appendix D.**

Unplanned civil disturbances may arise from a number of causes such as political grievances, economic conflicts, community unrest, or in response to police action taking place in neighborhoods, or in the midst of a crowded street, park or public place. Civil disturbance participants come from all walks of life and cover the entire political spectrum.

Whenever an unplanned First Amendment assembly arises, the first officer on the scene will serve as the initial incident commander. That member will be responsible for conducting an assessment of the scene, notifying the CIC and the element Watch Commander of the situation and requesting assistance from the Special Operations Division.

The basic human element sparking a civil disturbance is usually the presence of a crowd. Civil disturbances usually arise when a crowd:

- a) Gathers to air grievances on issues, and transfers its anger from the issues to the people dealing with the issues.
- b) Swells uncontrollably as curious bystanders and sympathetic onlookers join forces with the activists or protestors.
- c) Is incited to irrational action by skillful agitators.

In civil disturbances, crowds employ any number of tactics to achieve their goals. Their tactics may be unplanned or planned, non-violent or violent confrontations.

As indicated, the situations that could evolve into a violent civil disturbance are numerous and varied. Often there will be little or no warning before the onset of violence or property damage. In a few instances, it may be possible to predict a level of civil disorder by the nature of a pre-planned event. However, each civil disturbance situation is unique and commanders and supervisory officials must, therefore, plan and respond according to the nature and size of the disturbance. The policies and procedures presented in this SOP are based upon the concept of operational flexibility, and it is expected that officials will exercise sound judgment and proper command and supervisory responsibility in the control of a civil disturbance.

In a violent Civil Disturbance the primary objectives of the Incident Commander will be to:

Protect persons, including non-participants and participants alike, and property at risk.

Disperse disorderly or threatening crowds in order to eliminate the immediate risks of continued escalation and further violence.⁵

Deploy personnel to isolate and contain the people within a crowd who are acting unlawfully.

⁵ General orders to disperse a First Amendment assembly shall not be given unless a significant number of the participants fail to adhere to reasonable restrictions or a significant number of the participants are engaging in, or are about to engage in, unlawful disorderly conduct or violence towards persons or property. Dispersal orders may also be given when a public-safety emergency has been declared by the Mayor and the Chief of Police or his/her designee determines that the emergency is sufficient to require the dispersal of the assembly.

Effect the arrest based on probable cause of those individual law violators.⁶

It should be noted that if dispersal orders are to be given in a First Amendment assembly, the officer issuing the order shall do so at least once (three warnings should be given absent exigent circumstances), using an amplification device, and allow for a reasonable amount of time for the participants to disperse.

In the area outside the perimeter surrounding the disorder site, the Incident Commander will:

- Move and reroute pedestrian and vehicular traffic around the disorder area.
- Limit access to the disorder area only to those persons approved by the Incident Commander.
- Control unauthorized egress from the disorder area by participants who are subject to arrest based on probable cause.
- Repulse attempts to assist or reinforce the incident participants from outside the area.

The Incident Commander will establish a Field Command Post at or near the location of the disorder, from which he/she will control and coordinate police tactical operations. A staging area will also be established for all responding emergency personnel and equipment. Deployment of the personnel and equipment into the disorder area will be at the express direction of the Incident Commander.

Authorization of Personal Protective Clothing

The Incident Commander shall authorize the wearing of hard personal protection equipment (such as helmets, gloves, chest protectors, shin guards, etc.) only when the donning of such equipment is consistent with the District policy on First Amendment assemblies (ATTACHMENT M) and only where there is a danger of violence.

- a) Following any deployment of officers in personal protective clothing, the Incident Commander shall make a written report to the Chief of Police within 48 hours and that report shall be available to the public on request.

Mobilization of Personnel

Upon being informed of a civil disturbance and the need for the mobilization of personnel, the Chief of Police or his/her designee shall review and evaluate all information pertaining to the

⁶ Police lines should not be used to encircle demonstrators unless it is necessary for their protection or a decision has been made to arrest those participants that are being isolated.

civil disorder and make a determination as to which level of mobilization shall be implemented (adhering to the guidelines of *G.O.- OPS 803.04 (Emergency Response Plan)*).

Upon being notified that the Department has implemented one of the mobilization levels, each Assistant Chief of Police and Senior Executive Director shall ensure that all officials under his/her command are notified and carry out their duties and responsibilities as required.

The Metropolitan Police Department is the primary law enforcement authority during an unlawful assembly or riot situation in the District of Columbia. Assistance may be obtained from other city departments and from law enforcement mutual aid and military assistance agreements as necessary.⁷

Providing Security for D.C. Fire/EMS and Other Responders

The Incident Commander shall ensure that all necessary police security will be provided to D.C. Fire and Emergency Medical Services Department personnel, as well as to other medical and public utility responders, to ensure their safety within the disorder area while performing emergency tasks.

VI. ORGANIZATION OF CIVIL DISTURBANCE UNITS

The organizational structure of the Civil Disturbance Units (CDU) is designed to facilitate command, control and communication. Additionally, the structure allows for authority and

⁷ **Note: these procedures deal with spontaneous occurrences, not planned events where police control forces and command structure are already in place; however, these policies and procedures are applicable to a planned event which degenerates into an unlawful assembly or riot.**

accountability. In compliance with the National Incident Management System (NIMS), the Civil Disturbance Platoons⁸ will be organized as follows:

- a) **CDU Squad:** Seven officers commanded by one Sergeant

The Patrol Districts shall maintain a total of twenty-eight (28) CDU Platoons. Additional CDU platoons shall be maintained by non-patrol units at the direction of the Chief of Police. The platoons are assigned numerical designations based on their Patrol District and Platoon number. Each district shall maintain a certain number of platoons based on the Patrol District's staffing levels, which will be organized as follows:

- (1) Scooter/Mountain Bike Platoon
 - (1) Car platoon
- All remaining platoons shall be denoted as foot platoons and will be provided vans or buses during deployments.

Each platoon can perform any crowd control formation currently used by the Department.

Each platoon is designed with the same squad functions:

- 1st and 4th Squads Base squads for crowd control formations.
- 2nd and 3rd Squads Support squads for the platoon.

Each squad shall have two (2) grenadiers. The CDU Captains from each District will be responsible for ensuring that all grenadiers are certified in the use of all departmental less lethal and chemical weapons.

Total MPD CDU Staffing

VIII. FULL MOBILIZATION OF PERSONNEL IN SUPPORT OF EVENTS

When a full mobilization of personnel is necessary to support large events or First Amendment assemblies the following units shall provide support as enumerated below:

Force Investigation Team (FIT)

The Office of Professional Responsibility has the responsibility for monitoring, assessing, and investigating allegations or instances of misconduct and/or use of force through the Force Investigation Team (FIT) of the Internal Affairs Division (IAD). The FIT shall investigate all incidents involving the use of force arising from a First Amendment Assembly according to the procedures outlined in Appendix L.

Specialized Equipment Support Unit (SESU)

The Metropolitan Police Department's Specialized Equipment Support Unit (SESU) was established to assist CDU platoons and arrest teams in removing protesters from improvised locking devices. By employing devices made from cement, steel, wood, and other materials, protesters intentionally block roadways, entrances to public/private property, and resist arrest.

SESU members are trained, certified and equipped with special extracting tools to defeat improvised locking devices used by demonstrators. When it is apparent that demonstrators have locked themselves into improvised locking devices, the platoon commander shall notify the JOCC that the services of SESU are needed.

Medical Services Division

The purpose of the Medical Services Division is to facilitate the health and welfare of all members by taking reasonable steps to provide medical assistance is available to them during times of large demonstrations. Where CDU has been activated, the optional sick leave program may be suspended. When those conditions are in place, the following procedures shall be adhered to:

All members reporting sick are required to report to the Medical Services Division for an evaluation. During the hours when the Medical Services Division is closed, members reporting sick shall respond to the Providence Hospital emergency room for evaluation. Members reporting for evaluation at the Medical Services Division or the hospital emergency room shall respond attired in the uniform of the day and have in their possession all necessary equipment to assume their duty assignments.

Explosive Ordinance Unit

Members should abide by the procedures outlined in *GO-RAR - 309.2 (Bomb Threats and Explosive Devices)*, *GO-RAR - 802.04 (Hazardous Material Incidents)* and *CIR-02-09 (Hazardous Materials Information)* for a more detailed list of duties and responsibilities regarding suspicious packages, and unknown substances.

D.C. Fire and Emergency Medical Services Department

When it has been determined that a civil disturbance of major proportions is contemplated or underway, a request will be made to the District of Columbia Fire and Emergency Medical Services Department (DCFEMS) to provide the necessary units and assistance to be staged for response to medical requests.

Whenever medical treatment is required for police officers as a result of a civil disturbance, a written and photographic record shall be made of all injuries to police officers in accordance with *GO-RAR- 201.14 (Photographing Injured Police Officers)*. When the injury is the result of an assault and an arrest has been made for an "Assault on a Police Officer," the case shall be processed in accordance with the provisions in *GO 701.3 (Handling Assaults on Police Officers)*.

Relief and Feeding of Personnel

Each unit commander shall be responsible for arranging a schedule of relief for personnel under his/her command. In this regard, commanders shall arrange a location where food and facilities will be available to their personnel. Every effort shall be made to ensure that personnel are given a period of relief as conditions allow.

The official designated in charge of the Commissary Detail shall arrange for the delivery of food and beverages to pre-determined locations at pre-determined times. Should a subsequent feeding of personnel become necessary, and it is necessary to change the delivery locations, the official shall coordinate through the Incident Commander those locations most accessible to personnel.

IX. OPERATIONAL PROCEDURES FOR MASS DEMONSTRATIONS

Mass demonstrations and circumstances or events surrounding them do, on occasion, give rise to situations in which substantial numbers of persons engage in unlawful conduct jointly or simultaneously within close proximity of one another.

It is the policy of the Metropolitan Police Department to ensure that persons may enjoy free and open expression in this city with the utmost confidence that their constitutional rights will be respected.

Accordingly, it is the policy of the Metropolitan Police Department to avoid making arrests of substantial numbers of persons in response to such incidents, when arrest avoidance is reasonably possible in the interests of safety and security.

To implement these policies, this manual sets forth procedures and guidelines to be employed in policing large First Amendment assemblies (mass demonstrations). These procedures apply in circumstances in which, by virtue of the number of persons acting jointly or simultaneously within close proximity, there exists a reasonable likelihood that MPD personnel, in accordance with the requirements of the United States Constitution, may have to:

- a) Direct those persons to cease and desist in their activities and to disperse from the location for reasons of safety and security, or
- b) Direct the arrest of such a substantial number of persons for reasons of safety and security that arrest processing of those individuals could not reasonably be anticipated to be accomplished within **four hours** of the time of arrest, through routine processing measures.

Preparation for Events that may Result in Mass Arrests

In some cases, groups planning to engage in illegal conduct will make their intentions known in advance. In such cases, the Department shall ensure that the necessary resources and staffing are in place to respond to such events while minimizing the disruption to routine police services. In these cases, contingency planning for mass arrests shall include the following:

- a) The Commander, Special Operations Division, shall coordinate all planning relative to the Department's preparation for responding to a mass demonstration.

- b) The Department's response will be based on the best available information as to the size, purpose, and expected type of activity of those participating in the demonstration. Other essential elements of information necessary to effectively plan the Department's response are:
- Time and location of demonstration.
 - Special circumstances of individuals involved (special needs, disabled, etc.).
 - Estimated number of participants.
 - Identity of demonstration leaders.
 - Assembly areas.
 - Plans and expected activities of the demonstrations.
- c) Every effort shall be made to obtain the above information during advance negotiations with the leaders of the demonstration.
- d) The Commander, Special Operations Division, will provide an evaluation based on information received by that division.
- e) After evaluating and determining the type and level of activity to be expected during the demonstration, the Commander, Special Operations Division, will prepare a departmental action plan that sets forth particulars by which the Department will deal with a specific event. The plan shall contain provisions for the following:
- Command assignments and responsibilities.
 - Manpower, unit structure, and deployment.
 - Liaison with demonstration leaders.
 - Liaison with external agencies.
 - Release of information to the news media.
 - Transportation and feeding of personnel.
 - Traffic arrangements.
 - First aid stations and ambulances.
 - Re-deployment of vehicles.
 - Prisoner detention areas.
 - Transportation and feeding of potential arrestees.
 - Reiteration of the policies regarding arrests, the use of Field Arrest Forms, and the use of force.
- f) The Commander, Special Operations Division, shall disseminate copies of the action plan to all supervisory officials and establish an Incident Command Post at or near the location of the event for the purpose of providing command, control, and coordination of the event.

- g) Each CDU Commander shall be designated a specific staging area, from which the operations of the unit can be coordinated with subordinate and superior officials.
- h) CDU Commanders shall ensure that all subordinate officials and officers are wearing their badges and nameplates properly and that badge numbers and nameplates are not concealed, damaged, or tampered with, so as to interfere with the ability of the officer to be identified in compliance with G.O. 1101.1 (*Personal Appearance, Uniform and Equipment*). Additionally, when officers are directed to don CDU protective gear, the CDU Commander (or appropriate supervisor) shall ensure that all officers have their assigned badge numbers affixed to their helmets and are reminded that officers are prohibited from removing or tampering with their badges or nameplates and are required to verbally identify themselves when asked their identities.

Crowd Management

- a. Where the threat of violence is expected, a minimum number of personnel shall be positioned as crowd managers.
- b. These members shall be dressed in the uniform of the day.
- c. They shall be positioned, where possible, in such arrangements that physical contact with the assemblage can be kept to a minimum.
- d. It shall be their task to assess the mood of the crowd and to respond to changes in crowd behavior as directed by the Incident Commander. Accordingly, it is important that supervisors are aware of the type of crowd that is being managed; and that members are reminded at the staging site on what to expect from the participants and what types of alternative responses the members may anticipate. Absent exigent circumstances, the Incident Commander will determine the type of response deemed necessary; causing the unit to act in concert following his/her direction.
- e. Members shall not engage in demonstration-related discussion with participants. They shall conduct themselves so as to display an attitude of neutrality. However, members shall be courteous and helpful, mindful that expressions of friendliness are a valuable tool in maintaining peace. Communication is an essential tool in crowd management. It ensures unity of action among police officers, and that police officials and crowd leaders understand one another. It must be constant, clear, and immediate, and on many occasions, can serve to defuse threatening situations.
- f. Supervisors shall constantly observe and speak with members under their charge to ensure that they are complying with the orders of the unit commander that they

are completely aware of probable responses to crowd attitude change, and that members who are showing strain are provided temporary relief.

- g. CDU Commanders shall establish communication with demonstration leaders as soon as possible, and maintain the same as a sign of cooperation, as a means of obtaining first-hand knowledge of crowd mood, and as a tool to facilitate negotiations and maintain the peace.

Crowd Dispersal

When the intensity level of a crowd rises and unlawful disruption, either through violent or passive means, is occurring to the extent that the Incident Commander determines there is a need to take police action, he/she will instruct the affected CDU commanders to issue warnings to the crowd to disperse. In issuing such warnings the following procedures shall be utilized by CDU commanders. **(Appendix D)**

Issuance of Warnings

Whenever possible, an official deeming it necessary to issue warnings shall confer with the unit commander to explain the official's basis for believing that a warning should be issued. The commanding officer shall make any inquiries necessary to satisfy himself or herself whether the issuance is justified and direct that the issuing official act accordingly. This process is to be repeated as necessary during the course of the demonstration.

- The issuance of warnings shall be of such amplification and repetition that are reasonably calculated so as to be heard by the entire assemblage.
- The unit commander or that commander's designee shall issue the warnings from stationary vantage points that are observable to the crowd.
- Additional warnings, where necessary, shall be given from police vehicles, equipped with public address systems, moving around the crowd.
- The warning shall consist of an announcement citing the offenses or violations that are being committed by the participants, and a request or order, whichever is applicable, that the crowd disperse. To ensure clarity, accuracy and consistency the warning shall be issued, whenever possible, using the "MPD Dispersal Order", which is attached as Appendix D.

The entire warning process shall be documented by means of an audio-visual recording, if available. If this is not available, then written documentation must be retained and made a part of any arrest files. **(See Appendix D)**

Verbal Persuasion

As a first means of dispersing a crowd under static conditions, the unit commander shall attempt to verbally persuade the crowd to disperse of its own accord by announced available exit routes.

Arrest

An assembly of persons will not be arrested simply because the group does not possess a permit. Such an arrest may only occur after an order to disperse has been clearly communicated in a manner that is reasonably calculated to be heard by each of the persons in the group and a reasonable opportunity to disperse has been afforded, but not utilized by members of the assembly.

The issuing official shall recommend to the Incident Commander whether arrests should be made. If the issuing official recommends that a mass arrest be commenced, the Incident Commander shall satisfy himself or herself that probable cause exists for the arrest of each person to be arrested. The Incident Commander should make the inquiries reflected on the “Pre-Mass Arrest Checklist” (**Appendix E**) in order to verify that a mass arrest is proper and lawful.

The arrest of every person must be supported by probable cause. An issuing official shall not recommend the arrest of any person unless probable cause to support the arrest of that person exists. The Incident Commander shall not order the arrest of any person for whom he or she has not verified the existence of probable cause to arrest.

The number of warnings given, the method used, and the time intervals between warnings, shall be recorded on the commander's log. Documentation of the procedures shall be made pictorially and audibly, if possible. The documentation of procedures must reflect the availability and location of exit routes available to the crowd, and of any persons who leave the area.

Commander's Event Log

The Incident Commander and Unit Commanders (Platoon Lieutenants) shall designate one member of his/her unit to serve as the unit recorder for the purpose of entering on the Commander's Mass Demonstration Event Log (**Appendix C**) all significant events associated with the operation of the unit. Entries into the log will be made at the direction of the unit or Incident Commander. When it becomes necessary for subordinate supervisory officials to initiate any independent action, or engage in or observe events that could be considered significant, they shall, as soon as possible, advise the unit commander for inclusion into the commander's log. Examples of events warranting entry into the log would be:

- i. Occasions requiring the use of force. Entries shall include the circumstances, type of force used, duration, and effect.
- ii. Tactical orders issued to personnel.
- iii. Orders received from higher authority.

- iv. Significant acts on the part of the demonstrators.
- v. Incidents involving mass arrests.
- vi. Complaints alleging serious police misconduct.
- vii. Issuance of warnings for mass arrests.

Termination of *Mass Demonstrations* Details

When conditions have subsided, the Incident Commander shall survey the affected areas and determine whether additional police personnel are still needed at a particular location. If it is determined by the Incident Commander that no further police action is required, other than normal patrol, the detail shall be terminated.

Accountability of Equipment

Prior to relieving members of their command, unit commanders shall cause items of equipment that were issued by the SOD/CDU Storeroom to be accounted for and returned to that unit within the required due date and time. This is to include coordination with the SOD/CDU Storeroom to return any rented vehicles.

After-Action Reports

District, division and platoon commanders shall prepare an After-Action Report and submit it to the Special Operations Division Commander, within five calendar days of the return to normal operations.

The After-Action Report shall contain a list of all events that occurred in chronological order to include:

- The date and time that each event occurred.
- Brief description of the event.
- Unit action(s) taken.
- Outcomes, such as number of persons arrested.
- A complete and detailed report of:
 - Problem areas encountered.
 - Highlights of significant events and unsatisfactory conditions.
 - Any recommendations for improvement.
 - Negative reports are required.

X. CONSEQUENCE MANAGEMENT

In the event that damage or destruction occurs within the District of Columbia, either at the hands of demonstrators or as a result of an unrelated incident, the District of Columbia Emergency Management Agency (DCEMA) will be the lead agency coordinating the city's response to incidents of man-made destruction, instances of power, water or infrastructure failure or natural disasters. DCEMA will have rapid response teams available to respond to spilled debris, broken windows or scenes requiring emergency repairs. DCEMA will have immediate access to the various utility companies in case they are required for emergency situations. DCEMA will also coordinate the removal of excessive trash or other debris in areas where it may create hazards with possible demonstrator activities. Requests for the services of DCEMA can be made through the JOCC, which will coordinate with the MPD representative assigned to the DCEMA Command Post.

Public Information Unit

Page intentionally left blank

1. The Public Information Unit (PIU) is in charge of activities relating to the press and the release of information related to Mass Demonstrations and other large events. The PIU will arrange all press conferences and organization areas for staging of the press and or news media vehicles in cooperation with the detail commanders. In addition, the PIU will prepare press releases prior to the event informing the public of expected street closures, demonstrator activity and other non-sensitive noteworthy information likely to impact the visitors and residents of the District of Columbia.
 - A. The PIU is also responsible for coordinating with public information officers from other agencies that will take part or play a role in upcoming demonstrations. When this is necessary PIU will institute and/or become part of a Joint Information Center (JIC). Some of the agencies that will occupy the JIC include: U.S. Secret Service, U.S. Park Police, U.S. Capitol Police, Metro Transit Authority, D.C. Fire and Emergency Medical Services Department, U.S. Bureau of Alcohol, Tobacco and Firearms, and the District of Columbia Courts. The purpose of the JIC will be to exchange information and establish protocol for the coordinated release of information.
 - B. The Metropolitan Police Department (MPD) shall allow media representatives' reasonable access to all areas where a First Amendment

assembly is occurring. At a minimum, the MPD shall allow media representatives no less access than that enjoyed by members of the general public and, consistent with public safety considerations, shall allow media representatives access to promote public knowledge of the assembly.

- C. The MPD personnel located in or near an area where a First Amendment assembly is ongoing shall recognize and honor media credentials issued by or officially recognized by the MPD.
- D. The MPD shall make reasonable accommodations to allow media representatives effectively to use photographic, video, or other equipment relating to their reporting of a First Amendment assembly.
- E. Media misconduct
 - 1. All reports of media misconduct shall be immediately forwarded to the PIU for investigation. This information shall include the name, press affiliation, press credential number and a synopsis of the incident as well as the necessary contact information for the member witnessing the activity. In instances of media misconduct, the observing member shall notify an MPD Official who shall immediately report the incident to the PIU office at 727-4383.
 - 2. Members shall also be guided by GO-RAR - 204.01 (*Release of Information to the News Media*).

Pre-Mass Arrest Checklist

Page intentionally left blank

Has the Official recommending a mass arrest articulated justification for a mass arrest on these bases?

What actions, by the persons to be arrested, require the proposed mass arrest?

Has anyone been injured? Who? What was the cause of the injury?

Has property been damaged? What? What was the cause of the damage?

Will an effort to arrest likely cause more injuries than alternative police action?

Will an effort to arrest likely cause more property damage than alternative police action?

Will an effort to arrest likely cause greater disruption of traffic flow (or potentially block evacuation routes) than alternative police action?

What are the offenses committed/to be charged?

What evidence provides probable cause for the arrest upon those charges as to each person? **You must have articulable probable cause to make any arrest.**

If the offense is incommoding, unlawful assembly and/or failure to obey a police order:

How many orders to disperse were given?

How were the orders communicated?

When was each given?

Who gave each order to disperse?

Were audio and/or video recordings made of the warnings?

Is there another way to gain control of the situation?

Is there a viable alternative to a mass arrest?

- Is dispersal of the crowd and arrest of a smaller number of persons as the group disperses reasonable?
- Is extraction of a limited number of offenders reasonable?

Has the JOCC [Joint Operations Command Center] confirmed (or have you independently determined) that there are sufficient resources available to safely make number of arrests anticipated?

- Prisoner Control Activated
- Housing Space
- Feeding capabilities
- Arresting Officers (15-1 rule)
- Transportation

How do other circumstances weigh in favor of or against ordering a mass arrest?

Mass
Arrest Procedures

Page intentionally left blank

A. Arrests

1. General: Arrests during mass demonstrations and civil disturbances shall be made at the direction of the Incident Commander. However, this policy is not meant to impede a member in fulfilling his/her responsibility to protect the public. It is his/her duty to take immediate and, if necessary, independent action when a felony offense or a crime of violence, as so designated by the D.C. Code, is being committed.
2. Pursuit: Except for felony offenses, members of the force shall not pursue

demonstrators into buildings for the purpose of effecting arrests unless specifically instructed to do so by an official. Officials shall accompany and exercise close control over members under their command who go on private property or enter buildings to effect arrests.

3. Documentation: During mass demonstrations and civil disturbances, every arrest will be documented consistent with the department's responsibility to protect life and property and to prevent unlawful conduct.

P.D. 759 (Field Arrest Form)

The following outline will provide members the necessary information and techniques in completing a Field Arrest Form.

1. The *P.D. 759 (Field Arrest Form)* is designed to simplify the arrest, transportation, processing, and prosecution of a person who commits an unlawful act while participating in a mass demonstration. These forms are also designed to identify and assist in the processing of property taken into police custody during a mass demonstration.
2. The Incident Commander alone shall authorize use of the Field Arrest Form.
3. A Field Arrest Form shall be prepared for each person arrested regardless of the specific offense. For misdemeanor charges, the PD 759 is the only form required. For felony charges, the usual reporting forms for the offense, arrest, and prosecution are also required. Multiple charges, if any, are to be listed on the same Field Arrest Form. Any information required on the form shall be completely and legibly printed with a ballpoint pen. The following items in Section A of the Field Arrest Form shall be filled out the by the arresting officer:
 - 1) Date: Insert "month, day, year" (e.g. Oct 1, 1976).
 - 2) Time: Use 2400-hour system for time of arrest.
 - 3) Serial Number: Is pre-printed on the form. Arresting officers shall copy this number on the back of the Polaroid picture that shall be attached to the fourth copy of the form.
 - 4) Charge: Print the applicable charge.
 - 5) Location of Arrest: Self-explanatory.
 - 6) Location of Offense: Filled in only if location is other than shown

in the item titled "Location of Arrest."

- 7) **Brief Description of Circumstances of Arrest:**
This is perhaps the most important item on the form in determining the possibility of successful prosecution. It is advisable, therefore, to be as specific and detailed as time and circumstances will permit. For example, it is better to record "sitting in center of intersection," rather than "sitting in street." As much factual detail of this nature as possible should be noted. However, it is not necessary to repeat information contained in other items on the form.
- 8) **Name of Suspect:** First name, middle initial, and last name of arrested person. (The arresting officer shall make a reasonable effort to obtain the defendant's name, and if the defendant refuses to provide his/her name shall indicate that in the section.).
- 9) **Arresting Officer, Badge No., & Unit:** Self-explanatory.
- 10) **Court Date:** Arresting officer's assigned court day

Distribution of the Field Arrest Form shall be as follows:

Original (White Copy): Accompanies prisoner to detention facility; held there for use by Prisoner Control Center.

Second (Yellow Copy): Arresting officer's copy.

Third (Pink Copy): Accompanies property sent to a central Property Receiving Office or detention facility, when an arrest is made and property is involved. In cases where an arrest has been made and property is not involved, the pink copy shall accompany the prisoner to the detention facility where Prisoner Control will accept and forward it to the Data Processing Division.

Fourth (Hard Copy): Accompanies prisoner to detention facility. Three (3) Polaroid photos shall be attached to this copy. The Prisoner Control Center shall have responsibility for the final and proper disposition of this copy.

If the D.C. Superior Court puts itself in emergency session, a Field Arrest Form shall also be made for all persons who are under arrest and in custody of the department at the time the emergency procedures are put into effect.

Arrest Team Procedures

Squads of 8 officers under the supervision of a sergeant shall form an arrest team. No member shall arrest more than **15** persons **AT ANY ONE** particular location.

When a crowd, or segment of it, has failed to comply with warnings to disperse, the unit commander shall direct arrest teams to begin making arrests, advising team members of the appropriate charge or charges.

The squad supervisor shall then designate team members to make the arrest of selected participants.

If an arrestee is seated and agrees to walk, the arresting officer or assisting officer shall lead him from the crowd to the transport vehicle. If an arrestee is seated or lying down and refuses to walk, they shall be carried by two or more officers.

At the transport vehicle the arrestee shall be personally advised of the charges and photographed along with the designated arresting officer.

If the arrestee is not going to be questioned about matters relating to a misdemeanor offense, it is not necessary that the Miranda warning of rights be given to the arrestee at that time. However, if a participant is charged with a felony or will be subject to questioning for a misdemeanor offense or violation, the Miranda warning of rights shall be given at the time of arrest.

The prisoner shall be searched for weapons, evidence, or contraband; a PD 759 prepared for each arrestee; three (3) Polaroid photographs taken of the arrestee and arresting officer together; and the prisoner and property turned over to the transportation officer.

Unit commanders shall ensure that a sufficient number of teams are available to handle the arrest function properly and for relief of teams that have handled a maximum number of prisoners at one location.

Courts have become increasingly exacting in their requirements regarding mass arrest procedures. It cannot be emphasized too strongly that all field arrest forms should be filled out as accurately and completely as time and circumstance permit. It is important that all individuals who are arrested at one location, at one time, and for similar behavior, be charged with the same violation (s), and that the description of the circumstances of arrest be expressed in the same manner. Inconsistency in any of these items may be regarded by the court as sufficient grounds for questioning the validity of all field arrest forms originating at that time and place, and may consequently result in the release of the suspects without further adjudication.

It should also be remembered that when the court is in emergency session, the information contained on the field arrest form may constitute the only evidence available to the judges in deciding whether or not to hold an individual for further action. At subsequent court appearances, additional evidence may be developed and presented, but this opportunity will be lost if the field arrest form does not provide the basis upon which to proceed.

Transportation of Prisoners

The transporting officers shall obtain the first, third, and fourth copies of the Field Arrest Form from the arresting officer. Transporting officers shall not accept prisoners without a properly prepared Field Arrest Form and Polaroid photographs.

Transporting officers shall accept property from arresting officers and shall ensure that the property, or the container into which the property is placed, is legibly marked with the serial number appearing on the Field Arrest Form. In these cases the third copy of the Field Arrest Form shall accompany the property.

When all arrestees have boarded the transport vehicle, are safely seated, and the transport vehicle has commenced its travel from the arrest location to the prisoner processing center, a member of the department is to read or play a recording of the text of the "Notification of Rights" form in a manner audible to all persons in the vehicle. Once at the prisoner processing center, as arrestees are initially removed for processing that arrestee shall be provided a copy of the form to be read. In addition, the text of the form is to be reflected on large signs that are to be placed conspicuously throughout the processing area. This notice shall be offered in Spanish to those persons who require or desire such notice in Spanish.

At the detention facility, the transporting officer shall deliver the prisoner along with the first, third, and fourth copies of the Field Arrest Form, all of which are handed over to the receiving officer. These persons shall be processed in accordance with mass arrest prisoner processing control procedures (**see Appendix H**) and provided release options as applicable under the Citation Release Program or by posting bond or collateral.

Property

The customary rules of evidence remain in effect during emergency situations; the Field Arrest Form must be prepared accurately to ensure proper presentation of the facts in court.

All articles of property taken into police custody shall be marked with the serial number that appears on the Field Arrest Form. Markings should be in such a position as to prevent permanent damage to the property. Articles such as clothing and jewelry shall be placed in container bags. In these instances, each article of property need not be marked.

The serial number that appears on the Field Arrest Form shall be written on the outside of the bag. The third (pink) copy of the Field Arrest Form must accompany the property.

When so ordered by the Chief of Police, a Property Receiving Officer shall be established and staffed by the Evidence Control Branch. During the periods when this office is in service, all property taken into police custody as a result of activities connected with a mass demonstration or a civil disturbance shall be forwarded to the Property Division, accompanied by the third (pink) copy of the Field Arrest Form. The Evidence Control Branch shall then be responsible for processing such property.

Property that comes into police custody, even though no arrest has been made (i.e. found or abandoned items), shall be forwarded to the Evidence Control Branch, if in operation, or otherwise to the nearest detention facility by means of a Field Arrest Form completed as accurately as possible. The recovering officer shall retain the first, second, and fourth copies. In addition, he/she shall arrange for the expeditious removal of property by the most available means.

When the Evidence Control Branch is not activated, the recovering officer shall be held responsible for the processing and proper disposition of all property coming into his/her possession until forwarded to the Evidence Control Branch per ***GO-RAR-601.01 (Recording, Handling, & Disposition of Property Coming into the Custody of the Department)***.

In cases of mass seizures of property or evidence, every attempt shall be made to document the seizure and preparation of said items via videotape or photographs. This documentation will strengthen the Department's position as to the treatment of these items to reduce the likelihood of frivolous claims of damage

Mass Arrest and Prisoner Control Procedures

**Standard Operating Procedures for Mass Arrest and Prisoner
Control**

The mass arrest prisoner control system involves three stages:

- Part I: Arrest and transportation of prisoners
- Part II: Processing of prisoners
- Part III: Housing of prisoners

I. ARREST AND TRANSPORTATION OF PRISONERS

A. Mass Arrest:

1. District personnel will handle routine arrests in the usual manner at their respective districts or at the designated alternate sites. Prisoner control will only handle arrests due to civil disorder arising from events associated with the demonstration. PD Form 759, Field Arrest Forms will be used for these arrests. No prisoner will be accepted at the prisoner control processing site without a PD 759 and three clear Polaroid/digital photos of the arrestee with the arresting officer.
2. The determination to arrest under the mass arrest system will be made by the Incident Commander.
3. Once mass arrests have been ordered, arrest teams will move in and effect the arrests. Arrestees will be restrained and brought to a prisoner control vehicle for transportation. MPD shall only use such restraints in the transporting, processing, and detention of persons as the Chief of Police or his designee determines to be reasonably necessary to maintain the safety of the arrestees and of MPD arresting, transporting, and/or processing personnel, and to prevent escape.
4. All arrestees are to be secured in accordance with MPD G.O. 502.01, *Transportation of Prisoners*. Where flex-cuff restraints are used to secure an arrestee's hands or arms, the officer applying the flex-cuffs must always check restraint tightness. To avoid injuries that may be caused by over-tightening the restraints, when applying the flex-cuff, the officer is to draw the strap up only until the strap comes in contact with the arrestee's skin at all points. The officer is then to attempt to insert his or her index finger between the strap and the arrestee's wrist. If the officer cannot readily place his or her index finger between the strap and the arrestee's wrist, the officer is to immediately remove the flex-cuff and properly apply a new flex-cuff to prevent escape but no tighter.
5. Officers are to give prompt attention to complaints that the cuffs are too tight. Even after using the precautionary measures indicated above to prevent over-tightening of flex-cuffs, if the restrained person complains that the cuffs are too tight the officers should stop (if reasonably possible) and check the tightness of the cuffs. Even if the cuffs are properly applied, the person could still have placed pressure on the cuffs or the person could have turned his or her hand

within the cuff and caused constriction on part of the hand. If upon checking the cuffs the officer finds that the cuffs are too tight, the officer is to remove the flex-cuffs as soon as reasonably possible and replace them with flex-cuffs applied to fit properly. Further, if upon checking the officer finds that the flex-cuffs are at the appropriate tightness and there does not appear to be a problem, the officer need not loosen the cuffs. However, the officer should document in his/her report that upon complaint the cuffs were checked and found not to be too tight.

6. No arrestee shall be restrained by connecting his or her wrist to his or her ankle, nor shall any arrestee be restrained in any other manner that forces the person to remain in a physically painful position. Further, except for those arrested for the commission or threatened commission of a violent act toward another person, or the destruction or threatened destruction of property, members shall only use handcuffs, plastic cuffs, or other physical restraints on persons arrested in connection with a First Amendment assembly and held in any police processing center to the extent reasonably necessary, and in a manner reasonably necessary, for the safety of officers and arrestees.

B. Arrest Procedures:

1. When mass arrests have been ordered, arrest teams will move in and effect the arrest. Arrestees will be brought to the Prisoner Control Bus where they will be thoroughly searched for weapons and contraband by the Prisoner Control transportation personnel before being placed on the bus.
 - a) Each arresting officer will be responsible for arresting and processing no more than fifteen (15) arrestees per site.
 - b) The arresting officers will leave the scene with their arrestees. They will respond to the prisoner-processing site and complete the PD 759, Field Arrest Forms (a PD 759 must be completed for each arrestee). Arresting officers will be advised if they need to go to court or report back to their field (CDU) assignment. *Arresting officers can ride on the transport vehicles if space is available. Otherwise they must provide their own transportation to prisoner processing sites.*

C. Transportation of Prisoners:

1. All transport vehicles will be staged during the detail at locations to be determined by the event commander, in coordination with the transportation shift commanders.

2. The transportation shift commander shall insure the following procedures are followed:

Prisoners are thoroughly searched for weapons and contraband by the Prisoner Control transportation personnel before being placed in the vehicle.

Adults and juveniles are transported separately.

Each arresting officer is responsible for arresting and processing up to fifteen (15) arrestees per site or arrest.

Arresting officers accompany their arrestees to the designated processing sites.

Each bus can have up to 45 arrestees, 1 arresting officer for each 15 arrestees, and 2 Prisoner Control officers.

Three (3) photographs of the arresting officer with the prisoner will be taken either prior to loading the prisoner on the bus unless the Incident Commander determines that circumstances require that arrestees be transferred prior to being photographed with their arresting officers in order to protect the safety of the arrestees, police officers, and/or others. This requirement that three photographs be taken prior to transport will ensure that arresting officers will be properly identified to their arrestees and will be able to participate appropriately in any prosecution function that may follow from the arrest even if automated booking processing is interrupted for any reason. In the case of a fully automated booking process, additional digital photographs will be taken at the processing sites.

The PD 759 is completed and the corresponding Field Arrest Form number is written on the reverse of all photos. The photos will then be stapled to the Field Arrest Form and turned over to the site supervisor. Fully automated Field Arrest Forms will have a digital photo.

A van sheet is completed for each arrest location and forwarded to the processing site with the transportation vehicle.

The transportation supervisor will direct arrested persons to the processing sites according to the pre-set priorities designated for both felonies/U.S. Cases and Office of the Attorney General charges.

When all arrestees have boarded the transport vehicle, are safely seated and the transport vehicle has commenced its travel from the arrest location to the prisoner processing center, a member of the department is to read or play a recording of the text of the "Notification of Rights" form in a manner audible to all persons in the vehicle. Once at the prisoner processing center, each arrestee shall be provided a copy of the form to read. In addition, the text of the form is to be reflected on large signs that are to be placed conspicuously throughout the processing area.

Additionally, notice shall be offered in other languages as is reasonable to ensure meaningful access to the notice for persons who are limited English proficient.

PROCESSING OF PRISONERS

The MPD shall, as expeditiously as possible, process any person arrested in a Mass Arrest to determine whether the person is eligible for release pursuant to a lawful release option and shall promptly release any person so eligible who opts for the release. The MPD shall also promptly release any person arrested in a Mass Arrest, who, it is subsequently determined, should not be charged with any offense.

No routine computer upgrades are to be scheduled for or performed on days on which mass arrest prisoner processing is ongoing or anticipated. Where automated prisoner processing cannot be accomplished without performance of repairs or a remedial upgrade, the Prisoner Processing Center(s) shall switch to manual backup processing procedures to accomplish prisoner processing.

Manual backup procedures for processing arrestees shall be available on days for which a plan for processing persons arrested in a mass arrest is in effect. The Prisoner Control Center shall switch to manual backup processing procedures not later than 15 minutes after an information system goes off-line, irrespective of any time estimate for restoration of the information system.

A. Processing Procedures:

1. Escort Positions – Members assigned to escort positions shall:

Remove arrestees from the transport vehicles, upon their arrival at the processing sites.

Thoroughly search each prisoner for weapons and contraband prior to entering the processing facility.

Upon completion of stations one through four, escort prisoners to the appropriate detention area and turn them over to personnel assigned to jailer positions.

2. Login Station – Members assigned to the Login Station shall:

Write each prisoner's name, PD 759 number, charge, race, gender and location of arrest into the manual intake log.

Complete an Arrestee Information Form for each prisoner. Members completing the form shall insure that each section is completed.

Check each PD 759 for completeness, accuracy and legibility.

After completion, the PD 759, the Arrestee Information Form and a Polaroid photograph shall be attached together to create an Arrestee Data Package.

Forward the package to the Data Entry Station.

3. **Photograph Station** – Members assigned to the Photograph Position shall:

They will require the following information:

1. **Defendant's name;**
2. **Date of birth;**
3. **Arrest number; and**
4. **Citation date given to defendant.**

For bond cases, enter the charge amount into the appropriate space along with the collateral receipt number and the district number. For mass arrests, the district will be number 8. The court date must be filled in. When issuing a bond date, the defendant is given the next available court date. Court is in session for bond cases Tuesday thru Friday.

Any additional information that a CJIS user needs can be obtained from the CJIS Mass Arrest Booking Procedures Manual.

Forward the Arrestee Data Package to the WALES/NCIC Station.

During the time that CJIS is down, a photocopy of the PD 759 completed for each arrest shall be made and retained with the log. When CJIS returns to service, these copies will be used to enter the arrest data for all arrest numbers issued during the time the system was down. B. Detention of Prisoners:

In processing sites containing cells prisoners will be detained in the cells separated by gender. If a sufficient number of cells exist, prisoners will also be separated by the listed categories.

The use of unsecured processing sites shall be avoided unless exigent circumstances exist. All available holding cells at mass processing sites shall be filled to capacity prior to moving prisoners to an unsecured facility. If unsecured processing sites (not containing cells) must be used, the following procedures shall be followed:

1. **Citation Release Station** - Citation is given to defendants who elect not to spend the night in jail or pay the fine for their violation but must see a judge at a later date and time. There will be several dates provided from Pre-Trial Services. Under normal circumstances, there will be only 20 defendants assigned to each available citation date. Pretrial Services may increase the number of defendants eligible for citations on a given date.

Members assigned to the Citation Release Station shall:

Complete form CD-2063 "Citation to Appear in Court." The citation form is to be completed in the following manner:

Have an assigned station clerk, or member the rank of lieutenant or above, sign his or her name and place his or her badge number and unit assigned where indicated.

Explain the following requirements of the program to the defendant:

Citation is given to a defendant who qualifies.

It is a promise to appear in court at a later date and time.

When a defendant does not appear in court as promised a warrant will be issued for his or her arrest.

It is important to be on time, because failure to appear on time could also result in a warrant being issued for his/her arrest.

After the defendant is thumb printed, the defendant is issued the pink copy of the citation form and released.

2. **Elect to Forfeit Collateral Station** – Defendants charged with offenses that can be adjudicated through the payment of a fine may elect to forfeit collateral in lieu of requesting citation release or a court date. Members assigned to the collateral station shall:

For bond cases all steps are the same except:

You would NOT check the elect to forfeit collateral box. Instead you would check the “Stand Trial” box. This is because the prisoner wishes to appear in front of a judge. The prisoner is paying money NOT to spend the night or weekend in jail.

Advise the prisoner that he/she is to appear in court on the next court scheduled bond date.

Advise the prisoner that court is scheduled for bond cases Tuesdays through Fridays. (i.e., if the prisoner is arrested on a Saturday, he/she is to appear in court on Tuesday. If the prisoner is arrested on Wednesday, he/she is to appear in court on Thursday. If the prisoner is arrested on Friday, he/she is to appear in court on Tuesday).

A. The following locations may be considered when determining processing sites:

1. **The Institute of Police Science (Gymnasium)** – located at 4665 Blue Plains Drive S.W. The types of duties of the personnel at each prisoner processing site would be the following:

CRIMINAL CHARGES FOR PROTESTS AND/CIVIL DISTURBANCES

Below we have set forth the criminal charges, which are most likely to arise as a result of the expected protests in connection with the IMF/WB demonstrations. We have not attempted to discuss the charges in detail, nor have we attempted to provide a comprehensive list of all available charges. Instead, we have focused on the charges which are **most likely** to give rise to arrests, with a list of the applicable elements of the offense and a very brief discussion of circumstances in which the charge might be most appropriate. Officers on the street are encouraged to contact the U.S. Attorney's Office or the Office of the Attorney General should questions arise concerning the statute most applicable to a given situation.

Members of the Metropolitan Police Department are reminded that the charge of "Parading without a Permit" is not an arrestable offense and this charge shall not be used to detain anyone.

JURISDICTION: United States Attorney's Office, Superior Court

APPLICABILITY: Someone transports or possesses an explosive device intending to use the device unlawfully against a person or property.

JURISDICTION: United States Attorney's Office: Transnational and Major Crimes Section

APPLICABILITY: Extremely unlikely that this federal charge will be used, unless we can establish that suspect(s) crossed state lines intending to incite an actual **riot**. Merely crossing state lines/using any facility of interstate commerce in order to organize a demonstration is insufficient to pursue this charge.

JURISDICTION: United States Attorney's Office, Superior Court

APPLICABILITY: Where someone threatens another, and the threat not only was intended to threaten and frighten another that he/she was in danger of serious bodily injury or harm, **but the ordinary hearer would feel so frightened**, then the suspect may be charged with threats.

building; and (5) defendant acted without mitigation.

JURISDICTION: United States Attorney's Office, Superior Court

APPLICABILITY: Someone enters the grounds of a private residence, or a restricted public building, and refuses to leave when ordered to do so. (Remember that to have a burglary, we must be able to prove that at the time the suspect entered the area in question, he had formulated intent to commit a separate crime (such as assault, destruction of property, theft)).

CHARGE: Burglary, 22 D.C. Code § 1801 (felony)

ELEMENTS OF THE CHARGE: (1st degree): (1) defendant entered a dwelling room of another used as a sleeping compartment; (2) at the time of the entry, any person was in any part of that dwelling or room; and (3) at the time of the entry, defendant had the specific intent to commit a crime (such as theft, assault, etc.) (Note: if element 3 is not satisfied, the offense is unlawful entry.) **(2nd degree):** defendant entered any room, apartment, dwelling, store, bank, or other building of another; and (2) at the time of the entry, defendant had the specific intent to commit a crime (such as theft, assault, etc.) (Note: if element 3 is not satisfied, the offense is unlawful entry.)

CHARGE: Carrying a Dangerous Weapon, 22 D.C. Code § 3204(a) (felony)

ELEMENTS OF THE CHARGE: (1) defendant carried a deadly or dangerous weapon **openly or concealed** on or about his person; (2) defendant carried the weapon on purpose; (3) defendant **intended to use the object as a weapon**; (4) the weapon **could be concealed**; (5) the weapon was not being carried on land/property possessed/controlled by defendant. (Note: a dangerous weapon is any object likely to produce death or great bodily injury by the use made of it.)

JURISDICTION: United States Attorney's Office, Superior Court

APPLICABILITY: Many objects (such as crowbars or wrenches) may be used as tools or for other useful purposes, and the law does not prohibit carrying those objects for those purposes. We must therefore prove that defendant **intended to use the object as a deadly or dangerous weapon**. Legitimate considerations include: the design/construction of the object; defendant's conduct prior to his arrest; and the time and place defendant was found in possession of the object. Walking down the street during a demonstration carrying a crowbar is not a crime.

CHARGE: Possession of a Prohibited Weapon, 22 D.C. Code § 3214 (a) and (b) (misdemeanor)

ELEMENTS OF THE CHARGE: (PPW (a): (1) defendant possessed a machine gun, sawed-off shotgun, black jack, slingshot (note: this is different than a slingshot), sand club, sandbag, switch-blade knife, metal knuckles, or silencer; and (2) such possession was knowing and intentional. (PPW (b): (1) defendant possessed an imitation pistol, dagger, dirk, razor, stiletto, knife with blade longer than 3", or other dangerous weapon; **and** (3) at the time of the possession, defendant had the specific intent to use it unlawfully against another.

JURISDICTION: United States Attorney's Office, Superior Court

APPLICABILITY: Some objects may be used as tools or for other useful purposes, and the law does not prohibit carrying those objects for those purposes. Unless specifically set forth in PPW(a) as being per se unlawful, we must in all other circumstances prove that defendant intended to use the object as a deadly or dangerous weapon. Legitimate considerations include: the design/construction of the object; defendant's conduct prior to his arrest; and the time and place defendant was found in

possession of the object.

CHARGE: Possession of Implements of a Crime (“PIC”), 22 D.C. Code § 3601 (misdemeanor)

ELEMENTS OF THE CHARGE: (1) defendant possessed any instrument; tool; or implement for picking tools or pockets; (2) with the intent to use such instrument, tool, or implement to commit a crime.

JURISDICTION: United States Attorney’s Office, Superior Court

APPLICABILITY: Some objects may be used as tools or for other useful purposes, and the law does not prohibit carrying those objects for those purposes. We must prove that defendant intended to use the tool to commit a crime. Simply possessing crowbars, tripods, concrete sleeves, axes, sledge hammers, and any other tool that arguably has a legitimate purpose is not sufficient to convict someone under this statute.

ASSAULTIVE CRIMES

CHARGE: Simple Assault, 22 D.C. Code § 504 (misdemeanor)

ELEMENTS OF THE CHARGE: (1) defendant made an attempt or effort, with force or violence, to injure another person, **or** the defendant committed a threatening act that reasonably would create in another person a fear of immediate injury; (2) that at the time s/he made the attempt or effort to injure, **or** committed the threatening act, the defendant had the apparent ability to injure the person; and (3) the defendant committed the act voluntarily, and on purpose, and not by accident or mistake.

JURISDICTION: United States Attorney’s Office, Superior Court

APPLICABILITY: Someone spits upon, hits, swings at, throws an object at, or injures in any manner, a law enforcement officer.

CHARGE: Assault on a Police Officer, 22 D.C. Code § 505(a) (felony)

ELEMENTS OF THE CHARGE: (1) complainant was a member of a police force operating in D.C.; (2) defendant assaulted, opposed, impeded, intimidated, or interfered with the complainant; (3) complainant was engaged in the performance of his/her official duties; (4) defendant knew or had reason to know that complainant was a member of a police force; and (5) defendant did not act by mistake.

JURISDICTION: United States Attorney’s Office, Superior Court

APPLICABILITY: Mere interference with a police officer generally will not be deemed sufficient to prosecute an APO. More is needed, particularly during a demonstration, where tempers may flare, and otherwise inappropriate behavior may be tolerated. If serious bodily injury is suffered by the officer, or the suspect uses a weapon against the officer and injury is sustained, an APO may be the appropriate charge. If a weapon (other than a gun) is used, and no injuries are sustained, Simple Assault and PPW(b) are probably the more appropriate charges.

CHARGE: Assault on a Federal Police Officer, 18 U.S.C. § 111

ELEMENTS OF THE CHARGE: (1) person forcibly assaults, resists, opposes, impedes, intimidates, or interferes with any person designated in section 1114 of this title while engaged in or on account of the performance of his/her official duties. (Note: where the acts constitute only simple assault, defendant is fined or imprisoned not more than one year, or both; in all other cases,

defendant is fined or imprisoned not more than three years, or both; enhanced penalty if suspect uses a deadly or dangerous weapon, or inflicts bodily injury, suspect is fined or imprisoned not more than ten years, or both).

JURISDICTION: United States Attorney's Office, Transnational and Major Crimes Section

APPLICABILITY: A federal law enforcement officer is assaulted during the course of his law enforcement responsibilities. We will use this federal charge **rarely**, and under only the most serious circumstances. Normally, the Superior Court Assault on a Police Officer charge will be the most applicable charge. See APO, above.

CHARGE: Harming animals used in Law Enforcement, 18 U.S.C. § 1368

ELEMENTS OF THE CHARGE: (1) person maliciously harms any police animal, or attempts to do so; (2) and the animal is "employed" by a federal agency (in the executive, legislative, or judicial branch) for the principal purpose of aiding in the detection of criminal activities, enforcement of laws, or apprehension of criminal offenders.

JURISDICTION: United States Attorney's Office, Transnational and Major Crimes Section

APPLICABILITY: A federal law enforcement officer's dog or horse is assaulted during the course of the officer's/animal's law enforcement responsibilities. We will use this federal charge **rarely**, and under only the most serious circumstances. Normally, the Superior Court charge of Cruelty to Animals will be the most applicable charge. See Cruelty to Animals, below.

CHARGE: Cruelty to Animals, 22 D.C. Code § 801 and 802 (misdemeanor)

ELEMENTS OF THE CHARGE: (1) person beats, tortures, mutilates, or kills any animal, or causes any animal to be beaten, tortured, killed, etc.

JURISDICTION: United States Attorney's Office, Superior Court

APPLICABILITY: A local law enforcement officer's animal is assaulted during the course of the officer's/animal's law enforcement responsibilities.

CHARGE: Assault with a Dangerous Weapon, 22 D.C. Code § 502 (felony)

ELEMENTS OF THE CHARGE: (1) the three elements of simple assault must be proved; and (2) the assault must have been committed with a dangerous weapon. A weapon is anything that is designed to be used, **or** actually is used to attack or threaten another person. A weapon is dangerous if it is used in a manner to produce death or great bodily injury. Need not prove that defendant actually injured or even touched complainant with the weapon; pointing it in a threatening manner is sufficient, for example.

JURISDICTION: United States Attorney's Office, Superior Court

APPLICABILITY: Where person acts in a threatening manner while brandishing/using a weapon that could cause death or great bodily injury. Not sufficient merely to be in possession of an object that could, in some circumstances, be deemed dangerous.

CHARGE: Forgery and Uttering, 22 D.C. Code § 22-3841 (felony)

ELEMENTS OF THE CHARGE: (1) person makes, draws, or utters a forged written instrument; (2) with intent to defraud or injure another.

JURISDICTION, United States Attorney's Office, Superior Court

APPLICABILITY: (1) Someone presents staff or fake law enforcement credentials; this

constitutes an illegal uttering; (2) Someone presents legitimate staff or law enforcement credentials, but someone other than the legitimate holder presents them; this constitutes an illegal uttering; (3) someone presents fake tickets to an inaugural ball; this does not constitute a crime, as we cannot prove that the person knew or should have known that the tickets were fake, and we cannot show that a crime has been committed.

Rights Notification Form

Option 1 - YOU MAY ELECT TO “POST AND FORFEIT”

If you choose to “Post and Forfeit,” you will pay a certain amount of money and you will be released immediately and the charges against you will be dropped. You will never have to appear in court to answer the charges against you. You will also never have an opportunity to appear in court to contest the charges against you. You are required to prove your identity. A “post and forfeit” is not an admission of guilt, and you will have no criminal record on these charges. But you will have an arrest record on these charges.

If you are interested in the post and forfeit option, you will be provided with a list showing the amount you must pay depending on the charge for which you were arrested.

Your decision to post and forfeit is final unless you (or your attorney) file a “Motion to Set Aside Forfeiture” within 90 days after forfeiture. Such a motion is not automatically granted. If it is granted, the charges against you will be reinstated and you will have to appear in court to answer them.

Option 2 - YOU MAY ELECT TO BE RELEASED ON CITATION (“CITE OUT”)

You are eligible for citation release if you are arrested for a misdemeanor offense that does not involve domestic violence and there are no outstanding warrants for your arrest. You are not required to post any amount of money for citation release but you are required to prove your identity.

If you elect citation release, you will be given a citation (similar to a traffic ticket), requiring you to appear in D.C. Superior Court to answer the charges against you. Failure to appear in court in response to the citation is a criminal offense. If you fail to appear in court on the date specified in the citation, a warrant will be issued for your arrest.

When you appear in court, the government may dismiss the charges against you or may proceed to trial. If the government chooses to proceed to trial, you will have a right to be represented by an attorney and if you cannot afford an attorney one will be provided for you. The government will bear the burden of proving beyond a reasonable doubt that you committed the offense with which you have been charged. If you are convicted, you will have a criminal record in addition to your arrest record. If you are acquitted, you will not have a criminal record but you will still have an arrest record unless you are later able to get it sealed or expunged by proving to the court that you did not commit any crime.

Option 3 - YOU MAY ELECT TO POST BOND (“POST AND TRIAL”)

If you are not eligible for citation release, you may still be eligible to post bond. If so, you may post a cash bond amount assigned to the charge, or a licensed bondsman may agree to post the bond for you in return for a 10% fee. You are required to prove your identity. You will be provided with a list showing the amount you must post depending on the charge for which you were arrested.

You will be required to appear in D.C. Superior Court to answer the charges against you. Failure to appear in court is a criminal offense. If you fail to appear in court on the date specified, a warrant will be issued for your arrest.

Use of Force

Page intentionally left blank

V. USE OF FORCE

A. Definitions

The following terms shall have the meanings designated:

1. **Use of Force** – any physical contact used to effect, influence or persuade an individual to comply with an order from an officer.
2. **Deadly Force** – any use of force likely to cause death or serious physical injury.
3. **Non-Deadly Force** – any use of force that is other than that which is considered as deadly force.
4. **Serious Use of Force** – lethal and less-than-lethal actions by MPD officers including:
 - a) All firearm discharges by an MPD officer with the exception of range and training incidents and discharges at animals;
 - b) All uses of force by an MPD officer resulting in a broken bone or an injury requiring hospitalization;
 - c) All head strikes with an impact weapon;
 - d) All uses of force by an MPD officer resulting in a loss of consciousness, or that create a substantial risk of death, serious disfigurement, disability or impairment of the functioning of any body part or organ;
 - e) All other uses of force by an MPD officer resulting in a death; and
 - f) All incidents where a person receives a bite from an MPD canine.
5. **Use of Force Indicating Potential Criminal Conduct by an Officer** – includes, but is not limited to, all strikes, blows, kicks or other similar uses of force against a handcuffed subject.
6. **Less-Than-Lethal Weapons** – any object or device deployed with the intent or purpose of eliminating a threat without causing death. These include, but are not limited to, a 37 mm gas gun containing a cloth bag filled with small lead shot pellets, rubber baton rounds, batons, OC Spray, Armament System Procedures (ASP) tactical batons.

7. **Use of Force Option** – a training model/philosophy that supports the reasonable escalation and de-escalation of member-applied force in proportional response to the actions and level of resistance offered by a subject, but does not require the member to exhaust all possible responses in either escalation or de-escalation. The initial level of response is based upon the situation encountered at the scene and the actions of the subject, and should be the minimum amount of force sufficient to accomplish the mission. Such response may progress from the member's actual physical presence at the scene to the application of deadly force.
8. **Objective Reasonableness** – Reasonableness of a particular use of force must be judged from the perspective of a reasonable officer on the scene in light of the facts and circumstances confronting them without regard to their underlying intent or motivation.

B. CDU Use of Force Options

1. **Constructive Force:** Uniformed police presence. The presence may be in platoon formation. There is no physical contact between police and demonstrators. Officers in CDU protective gear may only be deployed where there is a danger of violence. The on-scene commander deploying officers in CDU protective gear shall provide a written report explaining his or her deployment decision and actions to the Chief of Police within 48 hours of the deployment.
2. **Physical Force:** Force involving hands-on touching, but with no deployment of tools or weapons. This may include line and wedge formations (with or without protective riot shield) that move a crowd. Arrests also fall into this category.
3. **OC Force:** The use of force involving Oleoresin Capsicum (OC), a natural inflammatory agent derived from the pepper plant, which is deployed from personal canisters or deployed from large scale canisters (MK-9 and MK-46 canisters). Significantly more stringent requirements must be met to justify dispensing OC Spray from the large canisters (MK-46) than from personal canisters (MK-9). A large canister should, generally, be deployed only upon the approval of an on-scene commander to repel a substantial effort to breach a police line and/or to prevent significant physical injury of police personnel and/or others.
4. **Mechanical Force:** Force within this area is broken into two levels of force:

Level I -The use of tools or weapons, to include riot baton, ASP, riot shield

Level II - Less-lethal projectiles (i.e.: sting ball munitions, 37mm rubber projectiles, 40mm launcher).

5. **Chemical Force:** The use of tools or weapons that disperse chemical irritants, such as Chemical and CS Agents (tear gas). *The term “chemical agent” refers to all forms of chemical irritants approved by the department for crowd control purposes.*
6. Chemical irritant shall not be used to disperse a First Amendment assembly unless the assembly participants or others are committing acts of public disobedience endangering public safety and security. Large-scale canisters of chemical irritant shall not be used at First Amendment assemblies unless (1) the use is approved by an on-scene commander and (2) reasonable and necessary to protect officers or others from physical harm or to arrest actively resisting subjects. The on-scene commander approving the use of large-scale canisters of chemical irritants shall provide a written report (which will be available to the public) explaining his or her decision and actions to the Chief of Police within 48 hours after the event.
7. **Deadly Force:** Any use of force likely to cause death or serious physical injury, including but not limited to the use of a firearm or a strike to the head with a hard object. Deadly force must be employed in accordance with ***GO-RAR – 901.07 (Use of Force)***

C. Use of Force Policy

The department’s force continuum and reporting requirements as described in ***GO-RAR 901.07 (Use of Force)*** is applicable for crowd control incidents and any use of force incident will be investigated by the FIT.

Force as described herein is defined as the employment of physical presence contact or weapons in order to disperse or contain a crowd, effect arrests, or protect lives and property. Force shall only be used when other less stringent means have not or would not be effective. In all instances, only the minimum amount of force, necessary to accomplish the mission, shall be used. Such force shall immediately be discontinued upon a determination by the Incident Commander

ASP expandable riot baton devices are not part of the CDU force continuum (with the exception of other law enforcement agencies armed with the ASP). ASP devices should only be used as a defensive tool if the primary riot baton has been taken or lost during a confrontation.

Members may not employ unauthorized tools or weapons. Members are specifically prohibited from discharging their firearms into crowds.

In managing a crowd, the policy of this Department is to use the lowest level of force necessary to accomplish the objective. The application of force is confined to the force options as outlined below. The level of force shall be dependant upon the level of opposition encountered.

Individual command officials may independently direct the use of force when the squad, platoon, or district under their charge is detached from the rest of the unit and when the isolated element's safety or that of other persons is jeopardized. However, if conditions permit, the Incident Commander or his/her designee shall be apprised of the situation prior to initiating any use of force at this level of command.

The application of force by a unit or element of it shall be immediately discontinued upon a determination by the ranking official on the scene that the condition, which required the use of force, has been alleviated.

All authorizations, directions, and applications concerning the use of force shall be recorded on *PD 759B (Commander's Mass Demonstration Event Log) (Appendix B)* and shall be included in the unit commander's after-action report. Similarly, orders to discontinue the use of force shall also be recorded. This information shall also be communicated to the MPD Joint Operations Command Center (JOCC), and segregated into a distinct category prescribed in accordance with JOCC procedures. Similarly, orders to discontinue the use of force shall be communicated to the JOCC.

The Assistant Chief of Police, Special Services Command, shall ensure that all use of force incidents occurring during civil disturbance incidents are compiled, documented, and reviewed in an incident after-action report. ***Incidents involving use of force during a 1st Amendment demonstration will be forwarded the Force Investigation Team for investigation.***

Individual members whose use of force is independent of the CDU unit, shall be bound by department policy as is stipulated in *GO-RAR 901.07 (Use of Force)*, and all specified reporting and notification requirements.

Nothing in the Use of Force policy prevents members from employing force reasonably necessary to protect themselves or others from physical or deadly force.

The following weapons are prohibited: shotguns, slapsticks, blackjacks, nun chukkas, saps, brass knuckles, weighted gloves, and any unauthorized weapons.

1. Civil Disturbance Use of Force Protocols

a) **Orderly Crowds or marches**

Police presence is appropriate in this category. Crowd activities should be monitored. The police presence may be in platoon formation. There should be no physical contact between police and demonstrators.

b) **Peaceful Civil Disobedience**

Unlawful, non-violent, peaceful actions by protestors: Monitor crowd activities. Depending on the scenario and degree of disruption, mass arrests can be considered. The decision to make mass arrests shall only be commenced in consultation with the Incident Commander or his/her designee and must be based on probable cause that can be applied to all arrests.

c) **Non-Peaceful Civil Disobedience**

Non-peaceful Civil Disobedience: Utilize the Use of Force continuum and/or, to the extent reasonably possible, disperse, control or arrest only persons who have engaged in unlawful conduct, and/or conduct a mass arrest, according to stated procedures. Only those persons that the Incident Commander has probable cause to arrest shall be arrested. Platoon commanders shall contact the on-scene official commanding the incident regarding use of force.

D. Use of Force Continuum During Mass Demonstrations

1. Police Lines

A police line can be either **Constructive or Physical** force. A police line, which DOES NOT substantially encircle persons engaged in a First Amendment assembly, may be established. A police line may be established at the direction of a unit commander whenever it becomes necessary to isolate an area in which large- scale unlawful activity is occurring or has the potential of occurring. It is done to prevent damage to a specific target, such as a building, a utility, or a business area, or for other purposes as authorized by Article VI, Section 5(a) of the Police Regulations (24 DCMR 2100). A police line can consist of either uniformed personnel or blockade devices such as barricades, buses, ropes,

or motor scooters.

The objective of a police line is to affect the movement of individuals or a crowd, to protect a group of individuals, or to accomplish the arrests of persons within a group. A police line may not substantially encircle a First Amendment assembly except (1) where there is probable cause to arrest a significant number or percentage of the persons located in the area of the assembly for unlawful acts (other than failing to have an approved assembly plan/permit) or (2) for the safety of the First Amendment assembly participants.

Persons who reside, are employed, have a business or have business of an emergency nature in an area marked off by a police line shall not normally be barred from entering the area unless their safety would be jeopardized or their entry would interfere with police operations, and shall not be barred entry based upon their views or expression. Persons not falling into one these categories shall be prohibited from crossing a police line into a disturbance area until such time order has been restored, and the police line has been removed.

- a) Verbal harassment directed against members on a police line shall not be cause for members to break ranks for the purpose of making an arrest or to engage in a verbal confrontation. However, assaults in the form of thrown missiles capable of inflicting injury (i.e., Molotov cocktails, bricks, etc.), or physical attacks upon members, will not be tolerated, and unit supervisors shall make every effort to identify and have arrested those engaged in such activity.
- b) When normal vehicular and pedestrian traffic is affected within a large area of the city by the establishment of a police line, the Public Information Unit & CIC/ JOCC shall be notified so that local communications media can disseminate this information.

2. CDU Platoon Formations

- a) Platoon formation – ***Constructive Force***
 - i) To move a group of officers, on foot, from one location to another.
 - ii) This formation is used to gather officers whenever they are in view of demonstrators.
- b) Line formation – ***Constructive or Physical Force***
 1. To stop, guide or redirect forward movement or form a protective barrier for safety and/or security reasons

- i. To move a crowd to another location.
- c) Wedge formation – ***Physical Force***
 - i) Divides a large crowd into two (2) smaller groups.
 - ii) This can include ***Mechanical Force*** if tools or weapons are used in conjunction with the movement.
- d) Belt Cordon – ***Physical Force***
 - i) Used to enable an arrest squad to move into a crowd to remove individual(s) for whom there is probable cause to arrest, or to remove individuals from the crowd for their own safety.
 - ii) To split a crowd to enable movement of officers and uninvolved citizens or protectees.
 - iii) This can include ***Mechanical Force*** if tools or weapons are used in conjunction with the movement.

3. OC Spray – ***OC Force***

Individual “OC” dispensers shall be used as described in ***GO-RAR - 901.04 (Oleoresin Capsicum (OC) Spray Dispensers)***. They shall be employed against crowds only as necessary in a defensive capacity, unless no other crowd management weapons are readily available for use and the tactical situation warrants the use of the individual dispensers against a crowd. Such defensive use against crowds shall be only upon approval by the Incident Commander or his/her designee.

- a) Personal Size OC Spray – ***The use of the personal size OC canister is not considered a crowd control action***
 - 1. Personal protection “OC”
 - i) Used to subdue a single person who is actively resisting an officer.
 - ii) Subject must be at least three (3) feet from the member and no more than five (5) to ten (10) feet away.
 - iii) Police use of force protocols are in effect. ***GO-RAR 901.07 (Use of Force), GO-RAR -901.04 (Oleoresin Capsicum (OD) Spray Dispensers), and GO-RAR – 901.08 (Use of Force Investigations)***.
- b) MK 9 & MK-46 OC Canister – ***OC Force***
 - i) Members are prohibited from using MK- 9 and MK-46 OC spray canisters to disperse crowds or others, unless the use is approved by the incident commander because it is reasonable and necessary to protect officers or others from physical harm

or to arrest actively resisting subjects, or the crowd or others are endangering public safety or security. Large-scale canisters should, generally, be deployed only upon the approval of an on-scene commander to repel a substantial effort to breach a police line and/or to prevent significant physical injury of police personnel and/or others.

- ii) Are designed for crowd control purposes.
- iii) Projects a large amount of OC Spray from a fire extinguisher-like device.
- iv) To be used to disperse a group demonstrators/protesters who creating unsafe or disruptive conditions and/or are actively resisting the police.
- v) Can be used when lower levels of force will not cause the desired effect or injuries to officer will occur if direct physical confrontation occurs.
- vi) Crowd must be in close proximity.
- vii) Individuals in police custody who have been affected by pepper spray shall be given an opportunity for washing and flushing the affected areas with cold water within 20 minutes of being sprayed, absent exigent circumstances. They shall be advised, moreover, not to use creams, ointments, or bandages on affected areas, and that continual rubbing of the skin against affected clothing will cause irritation and reddening of the skin areas. Individuals who complain of continued effects after having flushed the affected areas shall be transported to a hospital for medical treatment.

4. Riot Baton – *Mechanical Force*

- a) The riot baton shall be used as a defensive weapon. Care should be taken to avoid an aggressive or intimidating appearance through the inappropriate handling of the riot baton. Uses such as striking are made as a means of protection or overcoming resistance when other less forceful methods would not be effective or could result in injury to the member, and when other means of assistance are not readily available to the member. A strike to the head with a riot baton is considered deadly force, thus the FIT shall be responsible for conducting the force investigation.
- b) *Mechanical Force* with Riot batons – When holding the riot baton members shall always:
 - 1. Use a port arms position to move a resistive crowd from one area to another.
 - 2. Always use a two-hand grip.

3. Ensure strikes are NOT made to the head or other vital areas.

5. Chemical Munitions (CS) – *Chemical Force*

The use of “CS” should be limited and only used when other tactical options are either unavailable or when lower level of force will not have the desired effect. Only the Chief of Police or his designee shall authorize the use of “CS.” The aforementioned should be considered options and not the mandatory escalation.

The commander may employ the level of force necessary to stop a threat. De-escalation shall occur when the need for force no longer occurs.

- a. Members are prohibited from using “CS” chemical to disperse crowds or others, unless the incident commander approves the use because it is reasonable and necessary to protect officers or others from physical harm or to arrest actively resisting subjects, or the crowd or others are endangering public safety or security.
- b. Chemical “CS” agents shall only be used as a defensive weapon for the purpose of dispersing crowds that are threatening or actively engaging in violence or to protect lives and property when the circumstances indicate that the use of chemical “CS” agents would be the most effective manner of accomplishing the objective. Before chemical “CS” agents are employed in an defensive capacity, the official authorizing the deployment of the agent shall ensure that avenues of escape are available to the crowd.
- c. Individuals in police custody who have been affected by chemical CS agents shall be given an opportunity for washing and flushing the affected areas with cold water within 20 minutes of being sprayed, or as soon as practicable. They shall be advised, moreover, not to use creams, ointments, or bandages on affected areas, and that continual rubbing of the skin against affected clothing will cause irritation and reddening of the skin areas. Individuals who complain of continued effects after having flushed the affected areas shall be transported to a hospital for medical treatment.
- d. Information required for documentation – The authorizing official shall include the following information in reports related to the use of chemical agents:

- (1) The circumstances that occasioned the use;
- (2) Authorization for or notification of use, whichever is applicable;
- (3) The types and, as nearly as possible, the amount of chemical agents used;
- (4) The tactical results of use; and reports of ill effects, besides normal irritation,
- (5) Hospitalization apparently occasioned by the effects of chemical CS agents.

6. Canines

The use of canines for crowd control during a protest is strictly prohibited. Explosive Ordinance Detection Canines may be used to conduct sweeps.

E. Civil Disturbance Use of Force Reporting and Investigation Protocol

1. This SOP is a guideline for civil disturbance units during major demonstrations in the District of Columbia. It should be noted that these guidelines apply not only to Metropolitan Police Officers, but also to members of outside law enforcement agencies working under agreement with this Department.
2. The Metropolitan Police Department adheres to the use-of-force policies and reporting requirements as delineated in ***GO-RAR - 901.07 (Use of Force) and GO-RAR - 901.08 (Use of Force Investigations)***. However, during civil disturbance situations, the use-of-force reporting, documentation, and investigative processes enumerated in these directives raise practical, logistical, and safety-related concerns. The above-referenced General Orders shall guide members.
3. Accordingly, the reporting, documentation, and investigative procedures set forth in Appendix L shall be employed in mass demonstrations situations.

Internal Investigations

Use of Force & Misconduct

Page intentionally left blank

I. Investigations/Handling of Complaints

Sworn members of the Metropolitan Police Department are expected to maintain the highest standards of conduct. Members should conduct themselves properly

and professionally, on or off duty. When a member is accused of misconduct, a thorough investigation will be conducted.

Responsibilities and procedures for reporting and conducting investigations of serious misconduct (administrative and/or criminal) that may result in disciplinary action are set forth in ***GO-PER -120.23 (Serious Misconduct Investigations)***. Responsibilities and procedures for reporting and conducting investigations of administrative or policy misconduct that may result in chain-of-command disciplinary action are set forth in ***GO-PER -120.26 (Chain-of-Command Misconduct Investigations)***.

The Office of Professional Responsibility (OPR) is responsible for monitoring, assessing, and investigating allegations or instances of use of force and/or misconduct involving members of the Metropolitan Police Department through the Police Misconduct Branch (PMB) or the Force Investigation Team (FIT) of the Internal Affairs Division.

During police operations relative to large-scale demonstrations and civil disturbance situations, the Office of Professional Responsibility will operate as follows:⁹

A. Investigations of Uses of Force

1. *Force Investigation Team*

- a) As publicized in civil disturbance situations in the United States and around the world, the possibility of police use of force in these situations is likely, to include the possibility of the use of deadly force. Compounding the situation will not only be force used by members of the Metropolitan Police Department, but also by members of other agencies who have agreed to assist the Department.¹⁰
- b) The review of force during civil disturbance situations shall normally be reviewed from a tactical and training perspective. However, in those situations where a Serious Use of Force occurs, a full investigation as denoted in ***GO-RAR - 901.07 (Use of Force)*** shall occur. In these instances, FIT shall be responsible for conducting the force investigation in **ALL** instances where force is used during First Amendment Assembly.

⁹ Members assigned to PMB and/or FIT shall not be used in a CDU capacity.

¹⁰ This does not include federal agencies.

c) The opportunity to conduct an extensive force review during an incident may be hampered by civil disturbance or riot-type conditions. In this scenario, FIT members shall attempt to gather as much information as possible to initiate the investigation. However, it is recognized that due to safety concerns, team members may have to return to conduct more extensive reviews once the area is secure and conditions are safe.

i) Conditions might exist in which FIT might not be able to enter a scene for several hours, or is not notified of a Serious Use of Force incident until long after its occurrence. In this case, FIT members may have to rely on non-traditional means such as reviewing video footage, medical reports, etc. Nonetheless, the fullest investigation possible will be conducted in relation to the safety level of the scene at the time of the incident.

ii) During a declared Civil Disturbance Condition, Use of Force Incident Report forms (UFIR) shall be completed for Serious Use of Force incidents as per Use of Force Policy.

2. The following requirements shall apply to FIT during mass demonstrations and civil disturbance situations:

a) A representative from the FIT shall be assigned to the Joint Operations Command Center (JOCC) during a declared Civil Disturbance Condition. This representative shall be responsible for coordinating force-related information to the Office of Professional Responsibility.

b) FIT shall maintain a rapid response team to respond to Serious Use of Force incidents occurring during civil disturbance situations. These members should have full protective gear and be prepared to respond to a scene in which civil disturbance may be occurring.

c) FIT will assess all force incidents, and in consultation with executive management, determine which incidents warrant a substantive FIT rapid response.

d) At the conclusion of a mass demonstration or civil disturbance, FIT will complete a Use of Force After-Action report.

- e) While not engaged in investigating force activity, members of FIT will coordinate and confer with members of the MPD Intelligence Section as it relates to use-of-force information and possible high risk attacks on police officers.
- g) Agents assigned to the OPR Electronic Surveillance Unit shall provide technical support for members of FIT, to include video documentation of civil disturbance electronic news reports.

B. Investigations of Misconduct/Complaints

1. Complaints of police misconduct received from citizens during mass demonstrations and periods of civil disorder shall be properly recorded and investigated in accordance with the requirements of either ***GO-PER - 120.23 (Serious Misconduct Investigations)*** or ***GO-PER -120.26 (Chain-of- Command Misconduct Investigations)***. Investigations into such complaints shall be conducted, utilizing prescribed procedures, as soon as the police operation concerning the disturbance has been concluded.
2. If a complaint is of a nature that would subject the Department to public criticism or liability, or of a magnitude that, if substantiated, could subject the member to disciplinary action, the Incident Commander and the CIC/JOCC shall be notified immediately. The Incident Commander shall determine what course of action should be taken.
2. Regardless of whether a complaint has been filed or is likely to be filed, officials who observe or have reported to them instances of misconduct by members against citizens shall take immediate steps to determine the facts, and shall promptly take appropriate corrective action, if necessary. Members who observe other members engaging in misconduct against citizens shall report such misconduct to an official as soon as practicable.

The First Amendment Assemblies Act of 2004

First Amendment Rights and Police Standards

First Amendment Assemblies

§ 5-331.01. Short title

This subchapter may be cited as the "First Amendment Assemblies Act of 2004".

§ 5-331.02. Definitions

For the purposes of this subchapter, the term:

- (1) " First Amendment assembly" means a demonstration, rally, parade, march, picket line, or other similar gathering conducted for the purpose of persons expressing their political, social, or religious views.
- (2) "MPD" means the Metropolitan Police Department.

§ 5-331.03. Policy on First Amendment assemblies

It is the declared public policy of the District of Columbia that persons and groups have a right to organize and participate in peaceful First Amendment assemblies on the streets, sidewalks, and other public ways, and in the parks of the District of Columbia, and to engage in First Amendment assembly near the object of their protest so they may be seen and heard, subject to reasonable restrictions designed to protect public safety, persons, and property, and to accommodate the interest of persons not participating in the assemblies to use the streets, sidewalks, and other public ways to travel to their intended destinations, and use the parks for recreational purposes.

§ 5-331.04. Reasonable time, place, and manner restrictions on First Amendment assemblies

(a) The MPD shall recognize and implement the District policy on First Amendment assemblies established in § 5-331.03 when enforcing any restrictions on First Amendment assemblies held on District streets, sidewalks, or other public ways, or in District parks.

(b) The MPD may enforce reasonable time, place, and manner restrictions on First Amendment assemblies by:

- (1) Establishing reasonable restrictions on a proposed assembly prior to its planned occurrence though the approval of a plan, where the organizers of the assembly give notice;
- (2) Enforcing reasonable restrictions during the occurrence of an assembly for which a plan has been approved, which are in addition to the restrictions set forth in the approved plan, where the additional restrictions are:
 - (A) Ancillary to the restrictions set forth in the approved plan and are designed to implement the substance and intent in the approval of the plan;
 - (B) Enforced in response to the occurrence of actions or events unrelated to the assembly that

were not anticipated at the time of the approval of the plan and that were not caused by the planholder, counter-demonstrators, or the police; or

(C) Enforced to address a determination by the MPD during the pendency of the assembly that there exists an imminent likelihood of violence endangering persons or threatening to cause significant property damage; or

(3) Enforcing reasonable restrictions on a First Amendment assembly during its occurrence where a plan was not approved for the assembly.

(c) No time, place, or manner restriction regarding a First Amendment assembly shall be based on the content of the beliefs expressed or anticipated to be expressed during the assembly, or on factors such as the attire or appearance of persons participating or expected to participate in an assembly, nor may such restrictions favor non-First Amendment activities over First Amendment activities.

§ 5-331.05. Notice and plan approval process for First Amendment assemblies -- generally.

(a) It shall not be an offense to assemble or parade on a District street, sidewalk, or other public way, or in a District park, without having provided notice or obtained an approved assembly plan.

(b) The purpose of the notice and plan approval process is to avoid situations where more than one group seeks to use the same space at the same time and to provide the MPD and other District agencies the ability to provide appropriate police protection, traffic control, and other support for participants and other individuals.

(c) Except as provided in subsection (d) of this section, a person or group who wishes to conduct a First Amendment assembly on a District street, sidewalk, or other public way, or in a District park, shall give notice and apply for approval of an assembly plan before conducting the assembly.

(d) A person or group who wishes to conduct a First Amendment assembly on a District street, sidewalk, or other public way, or in a District park, is not required to give notice or apply for approval of an assembly plan before conducting the assembly where:

(1) The assembly will take place on public sidewalks and crosswalks and will not prevent other pedestrians from using the sidewalks and crosswalks;

(2) The person or group reasonably anticipates that fewer than 50 persons will participate in the assembly, and the assembly will not occur on a District street; or

(3) The assembly is for the purpose of an immediate and spontaneous expression of views in response to a public event.

(e) The Mayor shall not enforce any user fees on persons or groups that organize or conduct First Amendment assemblies.

(f) The Mayor shall not require, separate from or in addition to the requirements for giving notice of or applying for approval of an assembly plan for a First Amendment assembly, that persons give notice to, or obtain a permit or plan from, the Chief of Police, or other District officials or agencies, as a prerequisite for making or delivering an address, speech, or sermon regarding any political, social, or religious subject in any District street, sidewalk, other public way, or park.

(g) The Mayor shall not require, separate from or in addition to the requirements for giving notice of or applying for approval of an assembly plan for a First Amendment assembly, that persons give notice to, or obtain a permit or plan from the Chief of Police, the Department of Consumer and Regulatory Affairs, or any other District official or agency as a prerequisite for using a stand or structure in connection with such an assembly; provided, that a First Amendment assembly plan may contain limits on the nature, size, or number of stands or structures to be used as required to maintain public safety. Individuals conducting a First Amendment assembly under subsection (d) of this section may use a stand or structure so long as it does not prevent others from using the sidewalk.

(h) The Mayor shall not require, separate from or in addition to the requirements for giving notice of or applying for approval of an assembly plan for a First Amendment assembly, that persons give notice to, or obtain a permit or plan from, the Chief of Police, the Director of the Department of Consumer and Regulatory Affairs, or any other District official or agency as a prerequisite for selling demonstration-related merchandise within an area covered by an approved plan or within an assembly covered by subsection (d) of this section; provided, that nothing in this subsection shall be construed to authorize any person to sell merchandise in a plan-approved area contrary to the wishes of the plan-holder.

§ 5-331.06. Notice and plan approval process for First Amendment assemblies -- processing applications; appeals; rules

(a)(1) Subject to the appeal process set forth in subsection (d) of this section, the authority to receive and review a notice of and an application for approval of a plan for a First Amendment assembly on District streets, sidewalks, and other public ways, and in District parks, and to grant, deny, or revoke an assembly plan, is vested exclusively with the Chief of Police or his or her designee.

(2) Persons or groups providing notice to and applying for approval of a plan from the District government to conduct a First Amendment assembly on a District street, sidewalk, or other public way, or in a District park, shall not be required to obtain approval for the assembly from any other official, agency, or entity in the District government, including the District of Columbia Emergency Management Agency, the Mayor's Special Events Task Group, or the Department of Parks and Recreation.

(b)(1) The Chief of Police shall take final action on a notice of and an application for approval of a plan for a First Amendment assembly within a reasonably prompt period of time following receipt of

the completed application, considering such factors as the anticipated size of the assembly, the proposed date and location, and the number of days between the application date and the proposed assembly date, and shall establish specific timetables for processing an application by rules issued pursuant to subsection (e) of this section.

(2) Except as provided in paragraph (3) of this subsection, where a complete application for approval of a First Amendment assembly plan is filed 60 days or more prior to the proposed assembly date, the application shall receive final action no later than 30 days prior to the proposed assembly.

(3) Following the approval of an assembly plan in response to an application pursuant to paragraph (2) of this subsection, the Chief of Police may, after consultations with the person or group giving notice of the assembly, amend the plan to make reasonable modifications to the assembly location or route up until 10 days prior to the assembly date based on considerations of public safety.

(c) The Chief of Police shall inform the person or group giving notice of an assembly, in writing, of the reasons for any decision to:

(1) Deny an application for approval of a First Amendment assembly plan;

(2) Revoke an assembly plan prior to the date of the planned assembly; or

(3) Approve an assembly plan subject to time, place, or manner restrictions that the applicant has advised the Chief of Police are objectionable to the applicant.

(d)(1) Any applicant whose proposed assembly plan has been denied, revoked prior to the date of the planned assembly, or granted subject to time, place, or manner restrictions deemed objectionable by the applicant, may appeal such decision to the Mayor or the Mayor's designee, who shall concur with, modify, or overrule the decision of the Chief of Police.

(2) The Mayor shall make a decision on appeal expeditiously and prior to the date and time the assembly is planned to commence, and shall explain in writing the reasons for the decision.

(e)(1) Within 90 days of April 13, 2005, the Mayor, pursuant to subchapter I of Chapter 5 of Title 2, and in accordance with this subchapter, shall issue rules governing the approval of plans to persons or groups seeking to conduct a First Amendment assembly on District streets, sidewalks, or other public ways, or in District parks.

(2) Existing procedures for the issuance of permits to persons or groups seeking to conduct a First Amendment assembly on District streets, sidewalks, or other public ways, or in District parks, that are not inconsistent with this subchapter shall remain in effect pending the issuance of the rules promulgated under paragraph (1) of this subsection.

§ 5-331.07. Police handling and response to First Amendment assemblies

(a) The MPD's handling of, and response to, all First Amendment assemblies shall be designed and implemented to carry out the District policy on First Amendment assemblies established in § 5-331.03.

(b)(1) Where participants in a First Amendment assembly fail to comply with reasonable time, place, and manner restrictions, the MPD shall, to the extent reasonably possible, first seek to enforce the restrictions through voluntary compliance and then seek, as appropriate, to enforce the restrictions by issuing citations to, or by arresting, the specific non-compliant persons, where probable cause to issue a citation or to arrest is present.

(2) Nothing in this subsection is intended to restrict the authority of the MPD to arrest persons who engage in unlawful disorderly conduct, or violence directed at persons or property.

(c) Where participants in a First Amendment assembly, or other persons at the location of the assembly, engage in unlawful disorderly conduct, violence toward persons or property, or unlawfully threaten violence, the MPD shall, to the extent reasonably possible, respond by dispersing, controlling, or arresting the persons engaging in such conduct, and not by issuing a general order to disperse, thus allowing the First Amendment assembly to continue.

(d) The MPD shall not issue a general order to disperse to participants in a First Amendment assembly except where:

(1) A significant number or percentage of the assembly participants fail to adhere to the imposed time, place, and manner restrictions, and either the compliance measures set forth in subsection (b) of this section have failed to result in substantial compliance or there is no reasonable likelihood that the measures set forth in subsection (b) of this section will result in substantial compliance;

(2) A significant number or percentage of the assembly participants are engaging in, or are about to engage in, unlawful disorderly conduct or violence toward persons or property; or

(3) A public safety emergency has been declared by the Mayor that is not based solely on the fact that the First Amendment assembly is occurring, and the Chief of Police determines that the public safety concerns that prompted the declaration require that the First Amendment assembly be dispersed.

(e)(1) If and when the MPD determines that a First Amendment assembly, or part thereof, should be dispersed, the MPD shall issue at least one clearly audible and understandable order to disperse using an amplification system or device, and shall provide the participants a reasonable and adequate time to disperse and a clear and safe route for dispersal.

(2) Except where there is imminent danger of personal injury or significant damage to property, the MPD shall issue multiple dispersal orders and, if appropriate, shall issue the orders from multiple locations. The orders shall inform persons of the route or routes by which they may disperse and shall state that refusal to disperse will subject them to arrest.

(3) Whenever possible, MPD shall make an audio or video recording of orders to disperse.

(f)(1) Where a First Amendment assembly is held on a District street, sidewalk, or other public way, or in a District park, and an assembly plan has not been approved, the MPD shall, consistent with the interests of public safety, seek to respond to and handle the assembly in substantially the same manner as it responds to and handles assemblies with approved plans.

(2) An order to disperse or arrest assembly participants shall not be based solely on the fact that a plan has not been approved for the assembly.

(3) When responding to and handling a First Amendment assembly for which a plan has not been approved, the MPD may take into account any actual diminution, caused by the lack of advance notice, in its ability, or the ability of other governmental agencies, appropriately to organize and allocate their personnel and resources so as to protect the rights of both persons exercising free speech and other persons wishing to use the streets, sidewalks, other public ways, and parks.

§ 5-331.08. Use of police lines

No emergency area or zone will be established by using a police line to encircle, or substantially encircle, a demonstration, rally, parade, march, picket line, or other similar assembly (or subpart thereof) conducted for the purpose of persons expressing their political, social, or religious views except where there is probable cause to believe that a significant number or percentage of the persons located in the area or zone have committed unlawful acts (other than failure to have an approved assembly plan) and the police have the ability to identify those individuals and have decided to arrest them; provided, that this section does not prohibit the use of a police line to encircle an assembly for the safety of the demonstrators.

§ 5-331.09. Identification of MPD personnel policing First Amendment assemblies

The MPD shall implement a method for enhancing the visibility to the public of the name or badge number of officers policing a First Amendment assembly by modifying the manner in which those officers' names or badge numbers are affixed to the officers' uniforms or helmets. The MPD shall ensure that all uniformed officers assigned to police First Amendment assemblies are equipped with the enhanced identification and may be identified even if wearing riot gear.

§ 5-331.10. Documentation of arrests in connection with a First Amendment assembly

(a) The MPD shall cause every arrest in connection with a First Amendment assembly to be documented, in writing or electronically, by the officer at the scene who makes the arrest.

(b) Except as provided in subsection (c) of this section, the arrest documentation shall be completed at a time reasonably contemporaneous with the arrest, and shall include:

(1) The name of the person arrested;

- (2) The date and time of the arrest;
- (3) Each offense charged;
- (4) The location of the arrest, and of each offense;
- (5) A brief statement of the facts and evidence establishing the basis to arrest the person for each offense;
- (6) An identification of the arresting officer (name and badge number); and
- (7) Any other information the MPD may determine is necessary.

(c)(1) The Chief of Police may implement a procedure for documenting arrests in connection with a First Amendment assembly different from that set forth in subsection (b) of this section where the Chief determines that an emergency exists with regard to a specific First Amendment assembly, and that implementation of the alternative procedure is necessary to assist police in protecting persons, property, or preventing unlawful conduct; provided, that any such procedure shall adequately document the basis that existed for each individual arrest.

(2) The determination of the Chief of Police made pursuant to paragraph (1) of this subsection shall be made in writing and shall include an explanation of the circumstances justifying the determination.

(3) The determination of the Chief of Police made pursuant to paragraph (1) of this subsection shall be valid for a period of 24 hours, and may be renewed by the Chief, or in the Chief's absence, the Chief's designee.

§ 5-331.11. Use of handcuffs, plastic cuffs, or other physical restraints on persons arrested in connection with a First Amendment assembly.

(c) Nothing in this section is intended to restrict the otherwise lawful authority of the MPD to use handcuffs, plastic cuffs, or other physical restraints on persons arrested in connection with a First Amendment assembly at the time of or immediately following arrest, while arrestees are being transported to a processing center, or while arrestees are being transported to or from court.
