## I. BACKGROUND

Attachment A to this General Order is the revised list of bonds and collateral offenses that are triable in the Superior Court of the District of Columbia. This list is used to determine the amount of collateral or bond, as established by D.C. Superior Court Board of Judges, for violations of offenses Metropolitan Police Department members know to be criminal in nature. **It is not to be used to determine whether a particular offense is, in fact, criminal.**

## II. DEFINITIONS

When used in this directive, the following terms shall have the meaning designated:

1. Bond – A bond is security for the appearance of a person for trial or further hearing who is charged with an offense triable in the District of Columbia

Superior Court. ***A bond is forfeited only on a punitive failure to appear. In cases for which only a bond is allowed, no collateral may be posted and forfeited by the offender with respect to the case. Bond cannot be posted for a PD 61D violation citation.***

2. Collateral process – The D.C. Superior Court Board of Judges sets all collateral and bond amounts for misdemeanor offenses under the jurisdiction of the D.C. Superior Court. If eligible, an offender can elect to forfeit the collateral amount assigned to the charge, but by doing so, the offender waives his/her right to a hearing in court, and the case against the offender will be concluded without an admission of guilt. The offender will not have a conviction record, but will have an arrest record on the charges for which collateral was forfeited.
3. Ex-Parte – Situations in which only one party (and not the adversary) appears before a judge.
4. Abrogate – To repeal, make void, or annul.

### III. PROCEDURAL GUIDELINES

- A. Excluding fugitive bonds, members shall process any offense not listed elsewhere on the Bonds and Collateral list in accordance with the following:
  1. \$5,000 for any misdemeanor not listed;
  2. \$10,000 for any felony other than a crime of violence, or armed felony;
  3. No bond shall be permitted for crimes of violence, and armed felonies (including CPWL).
- B. In those collateral cases in which the defendant is charged with the same offense occurring on different days, or is charged with multiple offenses occurring on the same day, a separate collateral is required for each offense charged.
- C. Persons arrested for collateral offenses, and taken into custody at a district station, may:
  1. Waive their right to an arraignment hearing by forfeiting the collateral amount. They shall be allowed to do so by paying the pre-determined collateral at the district station for the offense charged, regardless of whether the D.C. Superior Court is open and functioning at that particular time.
  2. Request an arraignment hearing date in lieu of forfeiting collateral. They may apply, and be processed for, citation release in accordance with Special Order 02-06 (Citation Release Processing), Teletype #TT-

09-0008-03 (dated August 15, 2003), and Teletype #TT-09-007-03 (dated September 18, 2003).

- D. Persons arrested for bondable offenses shall:
1. Be processed for citation release **in accordance with SO-02-06 (Citation Release Processing)**.
  2. If the Pretrial Services Agency returns a recommendation that an arrestee is not eligible for citation release, the arrestee shall be processed as a lockup case unless the Watch Commander determines to override the recommendation. In this instance, the arrestee will be allowed to post bond.
  3. If not able to post bond, the arrestee shall be processed as a lockup case.
- E. The D.C. Office of the Attorney General (OAG) may, at any time of application for warrant, petition, ex-parte, a judge presiding in the D.C. Superior Court to set bond, and abrogate the privileges of the arrestee to forfeit collateral.
- F. Commanding Officers shall ensure that all members in their command strictly comply with this directive.
- G. In all cases where the provisions of this order are in conflict with orders previously issued, the provisions of this order shall prevail.
