**TEMPORARY CLOSURE OF THE UNITED MEDICAL CENTER LOCK WARD**

On March 15, 2009 the Metropolitan Police Department established the United Medical Center Lock Ward for prisoners requiring minor medical attention. This project has been hugely effective in reducing the number of hospital details requiring personnel being pulled from active patrol.

However, due to outstanding issues, the UMC Lock Ward will temporarily suspend operations at 0600 hours on Tuesday, March 17, 2009. Therefore, all members shall ensure that they take injured or ill prisoners to the closest area hospital for treatment, in accordance to General Order 502.07. The suspension of this program is temporary in nature and the program will commence in the near future.

Personnel assigned to the Lock Ward detail will continue on their current schedule and report to the Seventh District until further notice.
