**READ AT ALL ROLL CALLS**

**Patrolling with Flashing Lights**

Members are reminded that **ALL** Metropolitan Police Department marked police cruisers assigned to every element of the Department shall be operated with two alternating flashing lights, or a solid blue lighting on their overhead light bars activated at all times. On most cruisers, this is the "position 1" setting for the lights. This policy is designated to alert citizens of police presence in their communities and to make police units more readily recognizable to citizens should they need immediate assistance.
